No. 5

PHYSICAL DISPLAY IS VERY SUCCESSFUL

Visiting Day Draws Large Crowd To College.

The annual physical exhibition took place on visiting day, April 2nd, in the gymnasium. The weather was very favorable with the pleasing result that there was a large number of visitors present.

The program commenced sharp at 3.15 with the singing of the national anthem. Rev. E. Neudoerffer in his pleasing manner welcomed the assembled guests and thanked them for their lively interest in the school.

The next number was a wand drill by the College School led by M. Reiner.

Following this was an exhibition of parallel bar work. The movements executed called for much skill and faithful practice and the performers are to be congratulated on their excellent work.

The rube dance was very suggestive and showed that some of the fellows have not forgotten their early training.

At this stage there was a change in the nature of the program and Mr. Cunningham sang a delightful solo which was very well received.

The mat work was exceedingly good and many a stifled groan or sigh was heard from the audience as the tumblers calmly continued their flips and dives.

The last number on the program was that of the pyramids. This is always a very popular number and this year proved no exception. The snappy manner in which the pyramid team "did their stuff" reflects favorably on both the faithful practice of the participants and the work of their instructor.

After this program the visitors adjourned to the dining room where afternoon tea and coffee were served.

The hostesses were: Mrs. J. Conrad and Mrs. Sheppard of St. John's Church, Mrs. Maurer of the First English Lutheran, Mrs. H. Hagen and Mrs. Schaeffer of St. Matthew's, Mrs. Stahlschmidt and Mrs. Kleindienst of St. Peter's Church, Preston, and Mrs. Louis Klaehn, Mrs. Julius Jaeger and Mrs. William Gross of St. Peter's Church, Kitchener.

The visitors then inspected the class rooms, the laboratory and the dormitory rooms of the institution.

Among those present were Dean Ruby Mason, Dean of Women, Unf-

DEAN POTTER

SEMESTRAL MEETING OFFICERS ELECTED

New Executive Promise "Bigger And Better Meetings For Next Year."

The semi-annual meeting of the Athenaeum Society was held on Thursday, March 31st, at 7.30 p.m. The regular meeting was opened with the singing of a few old-time songs. The roll call showed that eighteen members were present. The last meeting's minutes were adopted as read. Rowe Cunningham pleased the audience with a few piano solos after which the president called for a motion to adjourn to the semi-annual meeting.

The secretary's report summarizing the work of the semester was accepted as read. The average attendance at the five regular meetings was found to be above that of last semester's average and the standard of program was favorably commented upon by many people during the semester. Taking everything into consideration the Athenaeum has passed a profitable and well-spent year. This is no exaggeration as all those who attend regularly feel the benefits derived from the meetings.

The election of officers for the third semester of the scholastic year 1927-28 was then held. Without any comments upon the results, the following are the new officers:

Honorary President, Professor R. J. Hirtle; President, Mr. W. Schweitzer; Vice-President, Mr. G. Hagey; Secretary-Treasurer, Mr. G. W.

PRELIMINARY PUBLIC SPEAKING CONTEST HELD

One Junior, Three Sophomores, And One Freshman Will Compete In Final Contest To Be Held April 28

The preliminaries for the third annual Public Speaking Contest of Waterloo College were held in the chapel Friday afternoon, April 1. There were eleven contestants including representatives from every class.

The following acted as judges: Dean Potter, Rev. Professor E. Neudoerffer, Rev. Professor S. Hirtle, Dr. W. C. Martin.

The judges selected the following five to compete in the final contest which will be held Thursday evening, April 28th. The names are arranged alphabetically: Harold Crouse '30, E. Rowe Cunningham '28, Louis Hagey '29, Albert Herbert '29, George Roberts '29.

SECRETARY HERMAN HESS VISITS WATERLOO

College And Seminary Visited By Secretary Of "Lutheran Laymen's Movement For Stewardship."

Mr. Hess is one of the secretaries of a Lutheran association titled: "Lutheran Laymen's Movement for Stewardship." Five hundred laymen of our United Lutheran Church have banded themselves together to encourage by word and deed young men who are considering the holy ministry. These men are prepared to render generous help according to a student's needs.

Some of the principles which are fundamental to these consecrated men of the Church are: "All followers of Christ are His stewards . . . All we have (even of material things) is from God. . . We are His and all we have is his. . . God has given us all these things to use for His glory, for the good of humanity, and for our own happiness. . ."

The Laymen's Movement is at present assisting students in most of our Seminaries and Colleges. Mr. Hess came here to Waterloo to seek some young men who would like financial help. We are glad and thankful he came. No doubt some will gladly avail themselves of his offer. It might be added that the financial help these consecrated men give need not be repaid, if the conditions are fulfilled, that is if the student enters the service of the Church.

WATERLOO COLLEGE MAKES GOOD SHOWING AT "Y" INDOOR MEET

W. Barclay Wins Three Firsts; College Relay Team Defeats Collegiate And "Y" Teams.

On Friday evening, March 18, an athletic meet was held on the Kitchener-Waterloo Y.M.C.A. indoor track and gym floor. Although the entries were all from local clubs there was some very keen competition which made things interesting for both the competitors and spectators. Waterloo College was very well represented. One of her boys, W. Barclay, won the Twin City championship by capturing three firsts.

Barclay ran a very pretty 100 yards, covering the distance in 13 seconds. G. McCarley of the "Y" was second but was nearly nosed out of that place by G. Roberts, another College man who came third. Barclay's second successful event was the standing broad jump, in which a jump of 9 feet 2 inches put him at the top but Doug Brown from the K-W Collegiate was a close second. In the running high jump, Barclay again beat out a "Y" man, L. Gingerich by a small margin.

The event of the evening was the relay race between the teams representing the "Y," the Collegiate and Waterloo College. As only two teams could run on the track at once they drew for places. The "Y" drew the bye and had to run alone. The College finished ahead of the Collegiate and defeated the "Y" team by a fifth of a second. G. McLennan, G. Roberts, G. Orth and W. Barclay ran for the College team.

Other events of the evening were: 60 yard potato race, 440 yards run, public school boys' relay, mile run, ladies' 100 yards.

Handsome medals were presented for first, second and third prizes.

FUTURE ISSUES

The next issue of the Cord will appear Thursday, May 5, and the final issue, which will summarize all the activities of Waterloo College during past scholastic year, as well as having other special features, which will be announced later, will appear May 26.

CLASS MEMORIAL

As convocation time draws near the seniors are more and more beginning to realize what graduation really means. The actualities of college life will have passed away; only memories will remain for them. No doubt they will always retain a warm spot in their hearts for their Alma Mater, but how long will it be before they themselves will be forgotten? This is in no way a disparagement of the first graduates or of what they have done, but it is only inevitable that succeeding college generations should be out of touch with the personalities of those that went before. The present class is fortunate in that it will always be honored as Waterloo College's first graduating class. But should it not leave some other memorial. Some other landmark by which to be remembered? The graduating classes of other colleges have built up the traditions of leaving class memorials. Waterloo would do well to follow the custom. Just what shape this memorial should take is of course a problem, but this should be rendered easy by the fact that as a young college Waterloo is in need of many things which could be very well supplied in just this way. The students at London are building up a fine class memorial in the form of an endowment fund. Of course, a class of such small numbers as our present senior class could not be expected to undertake anything so large but something could be done in the way of beautifying the campus. Memorial gates for instance, would be splendid. The time is ripe for planning such a project because graduation is very near.

THE CLIQUE SPIRIT

According to the definition a clique is a group of persons united for some common purpose with an end in view, in most cases a selfish end, of advancing their own personal position or the position of the whole group at the expense of the rest of their fellow men. This clique spirit is often very manifest in social, political and athletic life of a nation and it is to be regretted if it should become too predominant a factor in the educational world. Though fraternities, clubs, and other organizations of an exclusive nature are rendered a necessity at a large school where personal contact between all the students is impossible, at a smaller institution they are not so essential. The cultivation of friendship should be one of our greatest aims during our four years of undergraduate life; friendships that will last long after our school days are over and we have taken our place in the world. Furthermore, in a school of our size, where personal contact among all the students is possible we should not adopt an attitude of disinterestedness or exclusiveness. Let us therefore establish the reputation that Waterloo College is not a school where the clique spirit exists but where the whole student body is one large family and where the new student will find the hand of fellowship extended to him.

Comments

We are sorry to report that Dr. Maurer, President of the Board of Governors, and Pastor of First English Lutheran Church, Kitchener, was ill for a few days the past week.

The sincerest sympathies are extended to Rev. and Mrs. H. Sperling in the death of Mrs. Sperling's mother, Mrs. Fuhrman, who died March 26th.

We regret to inform a number of students who sent letters to the editor that we have been unable to publish these because they were not signed. We invite correspondence and expression of student opinion, however, unsigned letters will be relegated to the waste paper basket.

A committee of the Board of Governors consulted with the joint Faculties at a meeting held Thursday afternoon, March 31st. The entire afternoon was spent in considering the various problems of the institution and as a result, the committee will make recommendations to the Board at its next meeting.

Owing to sickness both Pastor and Mrs. J. Schmieder of St. Matthew's Church are confined to their home. Their many friends wish them a return to health.

There will be no lectures in the College on Maundy Thursday, April 14. This day was set aside that the students could reach their respective homes without travelling on Good Friday. Lectures will be resumed Tuesday, April 19, at noon.

The sympathy of the faculty and students is extended to Mr. Abraham Schneller in the loss of his brother, David S. Schneller, who died at Cayley, Alta., Sunday March 27. The late Mr. Schneller was born in Waterloo township January 25, 1866. He went to the North-West in March, 1892, where he has been living ever since. Besides his sorrowing brother he leaves one sister Catherine, also of Waterloo, to mourn his loss.

EXAMS. APPROACHING

Within a month examinations will be the order of the day at the College. In the University Calendar we find the following: Monday, May 9, second term examinations begin. With a shudder we read these lines which call to our mind another trying ordeal before the summer vacation. The dreadful aspect assumed by examinations is the anticipation of them. Students always look for the worst and due to the tense nervous condition which results from this anxious waiting, the student is often rendered unable to do justice to the examination. However, this is a phase of student life which has always existed so the best we can do is resign ourselves to our fate.

PROCEDURE FOLLOWED IN CONFERRING OF DEGREES

As various readers of the COLLEGE CORD have at different times asked questions with regard to the conferring of degrees, the Cord interviewed Dean Potter who gave the following information: "Upon the recommendation of the faculty of Waterloo College, the University of Western Ontario will confer degrees. These degrees are of two kinds, degrees by examination and honorary degrees. The degrees by examination are Bachelor of Arts and Bachelor of Divinity. The requirements for the former degree are determined by the Senate of the University—in which there are three members of the Faculty of Waterloo College, Dean Potter and Dr. Little, representing the Faculty and Rev. Prof. Foreman representing the Graduates of Huron College. The requirements for the degree of Bachelor of Arts are listed on pages 22 and 23 of our Announcement for 1926-27. The requirements for the Degree of Bachelor of Divinity are determined by the Seminary Faculty, the Faculty of Waterloo College, subject to the approval of the authorities at London. The present requirements for the Degree of Bachelor of Divinity are listed on page 23 of the College Announcement.

With regard to the honorary degree of Doctor of Divinity, a very definite procedure is followed. The College has an Honorary Degrees Committee consisting of members of the Board of Governors and members of the Faculty. All recommendations for the degree of D.D. must be made to that Committee. Any Congregation, Conference, Synod, or any individual may recommend a person they consider worthy. In recommending such a person the following information must be submitted: Name; record of achievement (scholastic standing, services to the Church, research work, publications, other titles and distinctions, public service); reasons why such an honor should be conferred; reasons why Waterloo College and the university of Western Ontario in particular should be expected to grant the degree; relations of proposer to candidate. If the recommendation is accepted by the Honorary Degrees Committee of the College it is sent to the Faculty of the College for their approval. Then the Dean submits the recommendation to the Honorary Degrees Committee of the University of Western Ontario—a Committee of which the Dean is "ex-officio" a member. This Committee consists of the following University officials: The Chancellor, the Vice-Chancellor, the President, the Secretary, the Head (or his deputy) of University College, Assumption College, Huron College,

WATERLOO LUTHERANS DECIDE TO BUILD PARISH HALL

St. John's Undertakes Erection Of Structure Costing \$51,000 With A Seating Capacity Of 900 People.

The erection of a parish hall was the decision reached at the annual meeting of the Congregation of St. John's Lutheran Church of Waterloo held Sunday afternoon, March 13, in the Sunday School rooms of the church. The approximate cost of the structure is \$51,000 and it will have a seating capacity of 414 persons on the first floor with the basement seating 235 and the gallery 254 or a total capacity of over 900 in all. The size of the building will be 63 feet wide by 69 long. The building will be divided into eighteen classrooms with the basement being used for social purposes.

The ground floor of the building will be used for educational purposes only and the partitions will be in the form of roller curtains, which can be raised, thus making one large room instead of the eighteen different class rooms. The basement will be divided into a social room, a large kitchen, and two club rooms. The social room will be equipped with a platform which will be used as a stage.

It is proposed to have the structure ready for occupancy by the end of the year and the contract will be let almost immediately. The hall will be constructed of buff or red pressed brick and will be situated on Cedar street, immediately behind the church.

EXAMINATION CONFERENCES

The faculty of Waterloo College will meet with the Faculty of University College and the other affiliated College of Western in examination conferences Thursday, April 14. The examination papers for the final exams which begin Monday, May 9, will be set.

Waterloo College. This Committee must approve the recommendation before it can be submitted to the Senate for its approval. If the recommendation succeeds in getting this far it is considered by the Senate of the University at one of their semi-annual meetings, and then the Senate, if they are satisfied as to the attainments of the candidate, recommends that the degree of Doctor of Divinity be conferred. The actual ceremony takes place at the next Convocation and the degree is conferred by the Chancellor. Thus you see, sufficient checks are established to insure that only those who are in every way worthy will receive this high honor from Waterloo College and the University of Western Ontario."

DR. WILLISON RAPIDLY REGAINING HEALTH

Expects To Resume His Lectures After Easter Vacation.

Dr. Willison who was operated on for appendicitis March 17 is convalescing at his home. He is recovering from his illness and expects to be able to continue his lectures immediately after the Easter vacation.

When the members of the College Cord staff visited him they found him in a jolly mood. He said that during his illness he has been visited by many of his friends who have helped to cheer him up and to make the time pass more quickly. During his convalescence he had been mentally busy making future plans for the College and especially for his English department. Dr. Willison is Honorary President of this year's graduating class and as such he is deeply interested in watching their progress and is looking forward to their graduation this coming May.

He asked the members of the staff to give his best wishes to all his friends, students and the readers of the College Cord.

RIGHT FORMATION

The football game was over and at the parlor grate.

A maid and a long-haired youth were lingering rather late.

They talked of goals and touchdowns but found it rather tame.

Till Cupid put his nose-guard on and butted in the game.

Quoth he, "It's mighty funny if I don't arrange a match."

So he lined the couple up, and made them toe the scratch.

The youth was growing nervous 'neath the weight of new-found bliss.

And he kinder thought the scrimmage ought to end up with a kiss.

He charged upon the center, he tackled left and right,

And the way they held that chair for downs was simply out of sight.

He tried an osculation, just an amateur affair,

But lost it on a fumble, and instead it struck the air.

Then as he landed on his ear, he heard the maiden say,

"You're penalized for holding, Jim; likewise for offside play."

With set teeth he tried another; this time succeeded fine,

For he scored an easy touch-down on the crimson two-inch line.

And as they sat there by the grate, communing soul to soul,

The parlor door swung open and father kicked the goal.

—Widow.

With The Sick

Our student from Germany, Mr. Sauberzweig has been relegated to the upper and northernmost regions for the past two weeks because of measles. Someone has wittily remarked that he should feel at home with the German measles but such is not the case. Mr. Sauberzweig is anxiously awaiting the holidays when he will go to Western Canada amongst the German Lutheran immigrants.

Our old friend John E. Miller, remains true to form. Not a year passes but that John spends a few days in bed. Several years ago John gave the whole school a long holiday, but he was not so considerate this time. However, we must not forget that that was in the days when the quarantine officers had a student's sense of humor.

No one seems to know the exact nature of John's sickness but many have given their own opinions. Here are some of the widely divergent suggestions: Too much anticipation and a consequent procrastination dangerous to the imminent examinations; not sufficient variation, proximity of new photo, too intense and critical study of "O Mabel," too much Hebrew, not enough moustache, etc. On account of lack of space, the many other suggestions gratefully received will be forwarded to anyone sufficiently interested in John on receipt of request and return postage. Suffice it to say that John is once more in our midst and says he is feeling quite normal again.

The pulpit supply work for the past three weeks has been conducted as follows:

At Sherwood and Unionville: March 20, Dr. Little; March 27, Professor Neudoerffer; April 3, A. Mehlenbacher.

At Guelph: March 20, L. Bald; March 27, E. Heimrich; April 3, Dr. Little.

LOCAL SUPPLY

Because of the death of Dr. Sperling's mother-in-law, Professor Neudoerffer conducted the services on the evening of March 30th in St. Peter's Lutheran Church, Kitchener.

Dr. Schorten took the Wednesday evening Lenten service at St. Matthew's, Kitchener, March 30th, Rev. Schmieder being confined to his bed with la grippe.

THE CORD

Biweekly we publish the Cord,
To have it you well can afford,
"Accord" is its aim,
In accord with its name,
To bind us in one its reward.

Alumni News

Rev. F. T. Howald, S.T.M.
New Dundee, Editor

THE IN-GATHERING

This issue of the "College Cord" will appear at a time when the Church's activity is at its height. The pastors are very busy with the preparation of the catechumens who are to be confirmed Palm Sunday and Easter. It is a happy and blessed time in which, as in no other time of the year, the fruits and results of the pastor's prayers and labors are actual and visible. The congregation sees the results of your labor and the community will recognize your faithfulness. This solemn in-gathering is most impressive and its impressiveness is much enhanced through the blessing of the evangelical truths. "By their fruits shall ye know them." Let us, who are ministers and shepherds of the flock, be faithful to our promises so that we may set an example to those who kneel before us.

There is, perhaps, no greater task than teaching children but its burden is lightened when we perceive the increase in their faith and loyalty to the holy institution, the Church. The Heavenly Father will reward those who are faithful teachers and preachers of His Word; who through their efforts make possible the extension of Christ's kingdom on earth.

The holy season of Lent is rapidly drawing to a close. Our fullest joy, our highest hope will again be revealed to us on the blessed Easter morn when we stand before the open sepulchre from which the triumphant Christ has emerged victorious over man's last enemy—death. May this thought give us new spiritual vigor and enthusiasm remembering that as soldiers of the cross we will also be inheritors of the crown!

Coming Spring

A tang of spring is in the air
That sets the heart a-tingle;
The landscape knolls are getting bare,
New birds are in the dingle.

In every hollow streamlets purl
And toss their tiny billows
In sport to splash the boy or girl
That's hunting pussy willows.

Among the trees the voice of God
Is heard—who will deny it?
"My power, O man, is in the clod;
How will you profit by it?"

"And I have called you by a name,
All other names excelling;
And for your bliss a sacred flame
Forth from my heart is welling."
—N. Willison.

SPORTS

DRIBBLES

The basketball and track team appreciate very much the kindness of Dean Potter, Rev. Hirtle and "Dolph" Breithaupt, who so kindly provided transportation for the trips to Galt and Hamilton.

The showing that Barclay and McLennan made at Hamilton was very creditable indeed. However, there should be more interest shown in track work at the school. We have other promising athletes here also but they do not appear very often. What is it shyness or laziness? This is one field of sport which to a great extent depends upon the individual. How would it be if some of the most promising material put in some real training between now and next fall so that we could send a team up to Western which would put us on the map. There is no better advertisement for a school than a well trained track team.

Well the Periwinkles won the house league championship. Congratulations! They are a fighting gang who although their play cannot be called scientific, fought every inch of the way and made use of all the opportunities afforded them by their opponents.

Will there be an inter-year softball league this Spring? If the writer remembers correctly there were some real battles last year.

The men of the cagers in Galt again forcefully proved that we should have an itinerary of games made out at the start of the season with outside teams. This win brings the standing of the school up to 6 wins and three losses for the year. When it is realized that one of these games was lost by one point and the other by four the conclusion is reached that Stoskopf's quintet did very well.

Tiny Cunningham is throwing his promised feed for the House League champions on Tuesday April 12. Periwinkles keep this date open.

The physical exhibition on Saturday last went over big. The 200 spectators were given an hour and a half of real entertainment. Credit for excellent program is due in a great extent to Gerry Hagey who spent much of his time with the different groups.

The tennis courts will soon be dry enough to allow some work to be done on them. Then page Mr. Haas, the energetic work manager.

We have a snappy little basketball team in the College School. Give them your support this Saturday. They defeated St. John's last Saturday 25-0.

STUPENDOUS STRUGGLE

Periwinkles Defeat Bunnies In A Blood-thirsty Encounter.

The Periwinkles will eat Tiny's feed! Schaus' outfit walked over the Bunnies led by C. Haas to win the house-league championship in one of the toughest, roughest and most blood-curdling encounters ever seen in the school gym. When the final whistle blew and the dust had settled onto the gym floor the score stood 18-17 for the Periwinkles.

First Period

The game started off suddenly—as soon as the whistle blew. Orth, the lanky centre dropped the first basket for the Periwinkles. Immediately Queensbury rules were adopted and the struggle began in all seriousness. The Bunnies gained a lead on some nice shooting by Heckendorn.

Monk accidentally stepping in Orth's way, woke up to find himself in the corner of the gym. The crowded gallery was treated to one of those body vs. body contacts which never fails to draw forth a prolonged cheer.

Mogk found himself injected into the game at this stage and at once commenced to bully Orth and Lotz. This type of play did not find favor with the pent-up audience but considering the stupendous size of Mogk and his reputation for eating bread and gravy they refrained from doing anything of a physical nature.

While this sub plot was proceeding Heckendorn had his eye to the basket and breaking from a half Nelson with Lotz scored another basket. Then the whistle blew for half time with score 8-6 for the Bunnies.

By special arrangement an exhibition of fancy shooting was put on between the halves by some of the other enthusiasts of this most popular indoor game.

Play commenced again although both teams appeared to be very ragged. Pauli made a lovely flying tackle which landed Heckendorn in a heap under his basket. For his condescending part in the trick Heck was given a free shot, which to the disgust of his opponents he sank.

The ball wavered back and forth sometimes in mid-air and sometimes in the manner of a soccer ball. First the Periwinkles were in the lead then the Bunnies. This sort of play was very hard on the spectators nerves and numerous complaints were heard from the supporters.

SCHOOL REPRESENTED AT HAMILTON MEET

Barclay And McLennan Attend International Meet At Hamilton Armories.

Through the kindness of Dean Potter and Rev. S. Hirtle, Barclay and McLennan accompanied by a few supporters were able to attend the International Track Games which were held in the Hamilton Armories under the auspices of the 91st Battalion on Wednesday, March 30.

Barclay was entered in the 60 yd. dash, 18 yrs. and under and also in the 60 yd. open. In the 60 yd. open he was pitted against Fitzpatrick, a sure olympic prospect, and ran second in his heat. As this was the fastest heat he was entitled to run in the final. The final was run too close to Barclay's previous heat and "Barc" had to be content with a fourth.

"Mac" ran in the 300 yds. 18 yr. and under but was forced to bow before a superior runner in the person of Jimmie Black of St. Thomas, who was the ultimate winner of the event in the final.

Although the boys did not bring back any of the silverware they had the worth-while experience of competing with some of Canada's finest track athletes and of seeing some of Canada next Olympic men in action.

While in Hamilton the visitors were kindly entertained by Mrs. M. Hagey.

Snider surprised himself by sinking a nice shot for the "Periwinkles." At this stage Haas decided to mix-up a little of all departments of the game,—and some that were not in the game.

Time was getting scarce and both teams were dealing out some telling blows in the clinches. Now and then a player would drop exhausted in a corner. The score stood 16-17 for the Bunnies with one minute to go. Schaus the freshman, here scored the winning basket and the game at last was ended.

Lineups:

Periwinkles: Forwards, Schaus, Orth, Snider; defence, Pauli, Lotz, Schmidt.

Bunnies: Forwards, Heckendorn, H. Little, E. MacIntosh, Maas; defence, Haas, Monk, Mogk.

Referee Stoskopf, umpire Baetz.

BASKETEERS DRUB GALT

Stoskopf's Cagers Easily Defeat G. C. I.

No, basketball is not yet dead! The school quintet paid a friendly visit to the Galt collegiate on Tuesday last and marked down another game on the right side of the ledger.

1st Half

The game was not of the exciting variety as the maroon and gold soon ran up a lead of twelve points before the Galt aggregation was able to find the basket. Through the first period the defence of the school played a sparkling game and although the style was inclined to be rough, it proved very effective. As for the scoring part of the machine the work was about evenly divided between the three forwards. Before half time Mills for Galt moved the Galt supporters to a rousing cheer by scoring their first basket. The half time whistle blew with the score 13-2 for the College.

2nd Half

Heckendorn replaced G. Hagey on the forward line for the school. In this period play was more evenly divided and Galt made a determined effort to close up the gap between the two scores. At times the play became real rough but referee Tancock seemed to be enjoying it with the result that the game took on the aspect of a rugby game. The safe lead of the school gave them plenty of room to experiment on all kinds of basketball. G. Hagey replaced L. Hagey on the forward line towards the end of the half. The full time whistle blew with the score 25-12 for Waterloo College.

Galt — Forwards, H. McNure, Stewart, Hamlet; centre, Mills; defence, MacHincey; McGregor.

W. C. — Forwards, G. Hagey, Heckendorn, L. Hagey; centre, Stoskopf; defence, Baetz, Bretzlaff.

Referee—Tancock.

After the game the team along with chauffeurs Dean Potter, and R. Breithaupt were treated to a supper by Rev. Mr. Vorkoper or as he is better known "Jim." The gang appreciate "Jim's" interest in the school's athletic's and wish to express their most sincere thanks.

I count this thing to be grandly true
That a noble deed is a step toward
God,

Lifting the soul from the common
sod

To a purer air and a broader view,
—Holland.

WHO'S WHO AT WATERLOO

Biography Of Dr. Alexander O. Potter, Dean Of Waterloo College.

Alexander O. Potter, B.Sc., M.A., Ph. D., Dean and Professor of History was born at Berlin (Kitchener), Ontario. He is the son of George Edward and Matilde Oberlander Potter. His primary education was received in the Public Schools of Kitchener and his secondary education at the Kitchener-Waterloo Collegiate from which institution he graduated with Junior and Honor Matriculation standing. Dr. Potter took his undergraduate work at Gettysburg and he acted as tutor in French. In 1917 his scholastic work was laid aside temporarily when he enlisted in the C.E.F. After some months at London, Ontario, he was transferred to Militia Headquarters at Ottawa where he served as Staff Sergeant on the staff of the D.G.M.S., General Fotheringham. Upon his discharge from the army he took a secretarial course at the Euler Business College.

Dean Potter received the degree of Bachelor of Science from Gettysburg College in 1919. During the scholastic year 1919-20 he served as Instructor in Political Science at Gettysburg College and as Master of French at Gettysburg Academy. He received the degree of Master of Arts in 1920. Dr. Potter spent the summers of 1919 and 1920 and the scholastic years of 1920-21 and 1921-22 in research work at Columbia University, New York City. As a result of the successful completion of his work Columbia University conferred the degree of Doctor of Philosophy upon him. During the years 1922 and 1923 he studied abroad—at the institut d'études francaises de Touraine (University of Poitiers) from which institution he received a diploma, at the Sorbonne (University of Paris) and the Auslands Institute University of Berlin.

In September 1923 he joined the Faculty of Waterloo College School. He was instrumental in the founding of Waterloo College and in June 1924 when the Faculty of Arts (now Waterloo College) was established, Dean Potter was appointed executive head, with the title of Dean. He spent the summer of 1924 touring in Europe, returning for the installation of the Faculty of Arts in September. In December 1924 he reopened correspondence with the University of Western Ontario on the subject of affiliation, and he was Secretary of the Committee that completed affiliation negotiations. During the summer of 1925 Dr. Potter acted as Field Secretary of the Evangelical Lutheran Seminary. Dean Potter is a member of the Senate of the University of Western Ontario and of the Executive, Honorary Degrees and Convocation Com-

BOARDING CLUB ETIQUETTE

The following rules of etiquette are taken from the columns of the Duke University "Chronicle." Without revision we feel that they could be unanimously adopted by the Boarding Club of Waterloo College.

1. Never demand that anything be passed to you; sit still and wait some one will notice your distress and ask you what you want.

2. Never think of reaching across another's plate, the boys are all eager to pass you anything you want.

3. You might take a second helping if several of your neighbors insist on it, but be sure that everyone else is well supplied before you do.

4. Don't think of commenting on the food if it does not suit you; you should know better than to pay your board bill in advance.

5. If anyone around you has bad manners, correct him in the presence of others it will impress his errors on his mind, and he will love you all the more for it, for college boys realize that they are at college to learn and always appreciate suggestions. Observe the above carefully and you will be sure to be elected the most popular man in your class your senior year.

SEMESTRAL MEETING

(Continued from Page 1.)
Roberts; Librarian, Mr. A. Myra; Censor, Mr. R. Cunningham.

Those elected spoke a few words concerning what they intended to do as members of the executive and all spoke of improvements. A suggestion was made that the meetings be held in the afternoon instead of at night and it is advisable for the executive to talk over the matter.

The members then moved a hearty vote of thanks to the retiring executive and after the censor's report on the conduct of the members, the meeting was closed with the singing of "God Save The King."

Soul of Discretion

Cop (blushing)—"Madam, I wasn't even looking."—Ski-U-Mah.

mittee of the Senate. He has served political organizations and service clubs in various capacities. At the present time he is Secretary of the Kitchener-Waterloo Rotary Club.

Dean Potter has written numerous articles concerning the Canadian Constitution and he is a popular lecturer on the Government of Canada and of the British Commonwealth of Nations. His book "Canada As A Political Entity," is used as a text book in a number of Universities.

LITERARY SOCIETY MEETINGS

Three more meetings of our Laury Literary have come and gone, leaving in their wake three more reports for the secretary's books. But a great deal more than that has resulted. The first two, on the third and fourth Wednesdays of last month were the preliminaries. There were 29 entries, from Second and Third Formers only, and though some were not as good as others, still it was evident that most of the speakers were trying hard and doing their best. The judges, Professors R. and S. Hirtle and Rev. Foreman evidently thought these following were qualified to enter the finals for they are the six selections: H. MacIntosh, "Can't," C. Little, "Canadian Born," E. MacIntosh, "Queen Of The North," H. Snyder, "The League Of Nations," W. Drager, "Physical Education," F. Janzen, "The East Awakes."

This annual event over with, the society settled down to its regular program. This last week, the 29th, the executive decided on an impromptu meeting, and the following were called on for a talk: C. Westaway, C. Little, N. Knapp and C. Crouse. Recitations were given by H. Goos and H. Little. Westaway, with an executive-member touch, explained the benefits derived from our society. Then C. Little took the role of an insurance agent and explained that game to us. Knapp told us the good our Ontario Fall Fairs do, his handling of the subject showed he was well qualified to speak. Crouse, our student from Nova Scotia, talked to us on fruit farming as carried on in his home province. The recitations were good.

Of course this was an impromptu meeting and our executive has prepared a much finer program for next meeting. We are still trying to eclipse the high-water mark standard of some of last semester meetings.

Our Oratorical Contest will be held Thursday, May 5th. As in former years we are expecting this to be a fine display of our year's Laury Literary work.

GYM ITEMS

C.S.E.T. Organization

The College School boys have been working hard lately to form their local C.S.E.T. group and last week a temporary executive was elected: President, W. Drager; Vice President, E. MacIntosh; Secretary, M. Reiner. They are already forming their team for the Junior Taxis league and we hope to hear more of their exploits.

GERMANIA HOLDS LAST REGULAR PROGRAM

Annual Meeting and election of officers for next semester to be held at next meeting

The last program of the Germania for this year was given at the regular meeting held on Thursday March 24. Altho the program was short nevertheless it was very good and everyone who attended felt the time had not been spent in vain.

A. Misch is a good German style told a story of Fear. It was a delightful little story and pleased the audience greatly. Ferris Loth gave a reading from "Fulda". Altho Ferris is a beginner in German he showed on Thursday evening that he is learning some German at Waterloo College. Wilfred Schweitzer in his usual excellent way recited Schiller's poem "Hoffnung." "Bill" sure can recite German poetry and we hope he won't forget the Germania next year. Harry Lossing also a non German showed that he is making progress in the study of German by reading the story of "Das Pferd und die Drei Brueder."

The meeting on April 7 will be given over to the reports of the executive and election of officers for the year 1927-28.

Comment

We wish to call the attention of our readers to articles appearing in the March edition of the "Canada Lutheran." The articles referred to are: "How Can We Improve Our Minds?" by Rev. Prof. C. H. Little, D. D.; "What Does a Missionary Do." by Rev. Prof. E. Neudoerffer, B.D., of Waterloo; "What is Real Christianity." by Rev. J. Reble, Hamilton. Pastor Reble is President of the Canada Synod; and "Christ my King." by Rev. S. Cooper of Sault Ste. Marie, a graduate of Waterloo Seminary. In addition a series of articles by "Paululus," have appeared which are very interesting and instructive. The afore-mentioned articles have been written by Canadians and should be thus of special interest to the Canadian reader of the official organ of the Lutheran Church in Canada. If you are a Lutheran and not a subscriber to the Canada Lutheran, you should become one in order to keep in close contact with the doings of your church.

Soccer Team

The future soccer team of the College School is now in the preparation and the boys are awaiting dry weather when they can organize the team and get into full swing. It won't be long now and we will be hearing of them travelling over to Europe to play in some international finals!

Four wets join drys in voting for Senate closure.—New York Herald

ATHENAEUM PRESIDENT'S RESIGNATION ACCEPTED

Annual Meeting To Be Held March 31st.

It really does pay to advertise. The Athenaeum meeting of March 17 was well advertised and a fair crowd was present. Not a person went away from the Gym disappointed for a high grade program was served a la king. All the students whose names were on the posted program were present to give their contributions so that there wasn't a "hitch" in the evening's performance.

At 7.30 p.m. the meeting was called to order. Some twenty students and professors gave their approval to their names being called out from the roll.

Rowe Cunningham led the community singing; and oh, how those husky youths did raise their lusty voices to the besparkled heavens in order to show their appreciation of the opportunity of gathering together in such an organization. Truly it was a grand sight but on with the program, you say. Well, after the acceptance of the previous meeting's minutes, Mr. Misch spoke about Bliss Carmen, the well-known Canadian poet who has helped greatly to put Canada on the literary map. The speaker told of Carmen's characteristics and gave also a general criticism of his poetry. His poetry, although its looseness of structure in many cases appeals generally to the reader's heart and because of its simple subject matter, it is more attractive.

Rowe Cunningham delighted the audience with a ballad which he sang in his inimitable manner and he was forced to give an encore, one of our modern, jazzy love songs which makes one resolve to live and forget. "Overcoming Circumstances" was the subject of a talk given by Mr. Heckendorn. The speaker cited many examples of men of high industrial worth who overcame circumstances and made a success of life. Many of these men were born in slum districts or under similar adverse circumstances, yet by struggling rung by rung and recognizing the rungs by which they climbed they reached the peak of their youthful ambition only to strive higher. Environment and circumstances can be plowed under if the will is there.

After this talk the "Kollich Koons," as advertised, without the darkened coloring, gave a duet on the violin and Spanish guitar. Messrs. Baetz and Datars having lived with the boys up at school for some time, likely as not sensed their nationality by the traits which they showed and played for them a number of Scottish border songs which

were well received. Mr. Monk gave a reading on "Christmas Examinations." His reading showed that Christmas cheer and examinations cannot go together and if the school would take up the matter with Mr. Monk, a satisfactory conclusion might be arranged whereby Christmas exams might be eliminated or made simpler.

The impromptu talk of the even-

ing was given by Dr. Little on the subject: "How To Increase The Attendance At Athenaeum." Dr. Little's suggestions were numerous but whether their application would be advisable is another matter. The executive might make some money if a fine were imposed upon these who continually absent themselves. This was a good suggestion, but what would the board think about

Discords

Prof: I believe you missed my class yesterday?

Student: Why, no I didn't, not in the least.

The performance ended. The freshman left the theatre. On his way home he met a sophomore who, planning to go to the show the following evening, asked him about it. "Well, Bill, how was the show?"

The frosh looked blank for a moment and then with little indecision replied: "I don't know; I haven't heard anyone say."

Latin Student (translating): Then the heavily armed soldier stood up on one hand and sat down on the other.

"What are you going to do after you graduate?"

"I'm gonna teach."

"You can't be a teacher; you're too dumb."

"I ain't going to be a teacher—I'm going to be a college professor."

Abie (calling central): "Will you give me the correct time, please?"

Central: "We are not allowed to give correct time."

Abie: "Well, what time would it be if you were allowed to give correct time?"

Last Sunday Louis Bald preached at Guelph. As he was there Friday on personal business, he was requested to attend to the notices in the paper. Louis did so, with more speed than caution, perhaps, for when the Saturday edition of the Guelph "—" appeared, we read:

Mr. Louis Bald preaching— morning service at 11 o'clock. Three Great Failures—Choir, Sermon, Organ Offertory.

Freshman: What does the College chaplain do?

Senior: He gets up in chapel every morning, looks over the student body and the faculty and then prays for the College.

holding bi-weekly dances and serving lunch each time. Dr. Little, you are putting wrong ideas into the heads of the innocent young men. You should be reprimanded.

The new business taken up was the acceptance by the society of Mr. Garnet Schultz's resignation as president of the Athenaeum. It was also moved and seconded that one more meeting be held this semester and that to be the annual meeting. Mr. Kalbfleisch acted as critic for the evening and filled his position ably.

The singing of God Save The King closed the meeting.
