HISTORY OF WATERLOO COLLEGE

ANTECEDENTS.

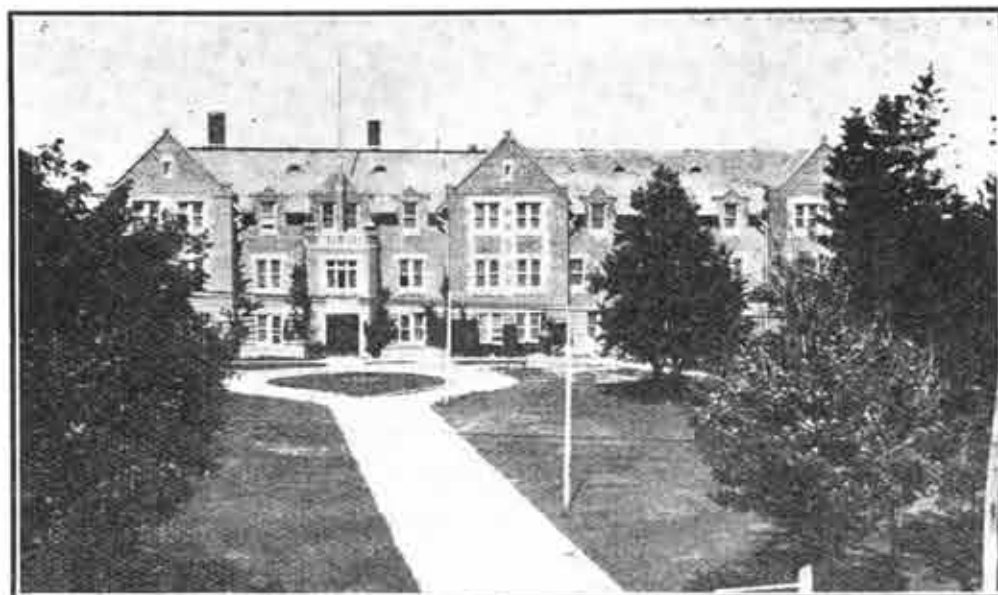

In 1911, as a result of arrangements made by the Canada Synod and the Synod of Central Canada, The Evangelical Lutheran Seminary was established at Waterloo for the purpose of training Canadian youth for the Lutheran Ministry. By an Act 3. Geo. V. Chapter 145, dated May 6, 1913, and entitled "An Act to incorporate the Evangelical Lutheran Seminary of Canada" the following men were designated as members of the first Board of Governors:—

Rev. Emil Hoffmann, Rev. Frederick Veit, Rev. Hermann Weigand, John W. Bartmann, A. L. Bitzer, Rev. J. A. Miller, Rev. Jacob Maurer, Rev. M. J. Bieber, Charles H. Stiver, E. A. Bartmann, and provisions were made for the appointment of subsequent members of the Board. Section 6 of this Act gave the Corporation the power "to establish and carry on colleges, schools and seminaries for the education of youth", but no degree granting power was given. The Board of Governors, named above, had already established Waterloo Seminary. Students entering this seminary were required to pass matriculation examination in "Higher English, Logic, Psychology, Geology, Astronomy, German, Latin and Greek", or to be a College graduate who had studied Latin, Greek and German. As there was no institution of higher learning in Waterloo it was necessary for the Seminary to offer preparatory courses.

In 1914, through the efforts of the Rev. Dr. Preston Laury, this preparatory course was separated from the Theological course and organized as a "College". The Calendar for 1915 contains the following terms of admission to the College. "The standard of admission is Junior Matriculation. Students who may be deficient in one or more branches will be admitted on condition that they make up their requirements."

The College course covers four years, and only after the requirements of the Arts course have been satisfied can a student be considered eligible for the seminary proper or the B. A. degree." It was found to be impossible to carry out this programme and by 1918 the "College" was organized into two departments—the "Academic Department" offer-

MESSAGES

TELEGRAM FROM THE RIGHT HON. W. L. MACKENZIE KING, PRIME MINISTER AND PRESIDENT OF THE PRIVY COUNCIL, DOMINION OF CANADA

"Prime Minister desires me to convey his best wishes and kindest regards."

(Signed) Private Secretary.

GREETINGS FROM THE REV. F. H. KNUBEL, D.D., PRESIDENT OF THE UNITED LUTHERAN CHURCH IN AMERICA

This commencement is one of unusual significance to Waterloo College. The entire United Lutheran Church in America rejoices in the advance made by the institution. The progress at one point naturally assists the advance on the whole line. Above all do our other educational institutions feel the stimulus which has now come from Canada.

The graduates at this commencement ought to feel special joy. It is their commencement, their beginning. It is the commencement, the beginning of a new era for the College. May it be marked by all with new emphasis upon the opening words of the Bible, "In the beginning (commencement), God." He is the true point of departure, of inspiration, as well as the ultimate goal of every undertaking.

F. H. Knubel.

President of the United Lutheran Church in America.

MESSAGE FROM THE HON. G. HOWARD FERGUSON, M.L.A., PRIME MINISTER, PRESIDENT OF THE COUNCIL AND MINISTER OF EDUCATION OF THE PROVINCE OF ONTARIO

It gives me great pleasure to greet the students of Waterloo College, because I am fully sensible to the excellent work done by the College and am conscious of the valuable services which private enterprise and enlightenment do for the cause of education in Ontario. The Province, rich as it is, could not hope to carry on all the useful educational efforts performed outside the regular State system. When invited to express an opinion, therefore, I had no hesitation in advising Dean Potter and the Heads of Waterloo College to affiliate with the University of Western Ontario. Time will no doubt justify this as a practical measure and the whole community will benefit from the association.

MESSAGE FROM REV. J. REBLE, PRESIDENT OF CANADA SYNOD

Since this is the first time that the undersigned is writing to you, he takes this opportunity to congratulate Dean Potter and his students for publishing "The College Cord." It is a fine connecting link between graduates, congregations and Waterloo College. It is a credit to our students.

Waterloo College is to produce educated Christian characters. "The

OUR PURPOSE

The purpose of the Evangelical Lutheran Seminary of Canada is two-fold: "to prepare young men for the ministry, and to train laymen for worthy lives of useful service." Of this two-fold purpose the former is particularly emphasized, nevertheless, the latter is also of great significance. There is great need for young men for the Gospel ministry, but there is also a crying need for trained laymen who will be able to render services in the execution of which they can place reliance only on a training such as Waterloo College provides. Waterloo College is prepared to give a general course in Arts to anyone wishing to attend a Christian institution. Its standard is the standard of the University of Western Ontario, of which we are an affiliated College. We are equipped with a faculty of well-trained men and the attendance is not so large that personal contact between professor and students is impossible. This is one of the desirable features of our College. We are still young and there is much room for expansion. If you are contemplating the ministry the General Course in Arts offered at Waterloo College will be worth your earnest consideration. If you are not entering the ministry this course will be one of the greatest aids in developing your individuality and manhood to fit you for a life of useful service. Waterloo welcomes young men, it welcomes you!

OUR FIRST ANNIVERSARY

With the appearance of this final issue for the scholastic year 1926-27 the College Cord is celebrating its first birthday. One short year ago the plans were laid for publishing a paper in connection with Waterloo College. We had no name, no subscribers and no advertisers. Our foundation was thus not solid but the optimism of the staff knew no bounds. It is said that extreme optimism is dangerous but when it is coupled with sound methods it is able to perform tasks which seem to approach the border-line of impossibility. Much credit for the success of our paper is due to its first editor, Mr. Carl Klinck, and to the faculty adviser, Dean Potter. These men have aided greatly in laying the foundation upon which the future staffs can build. May the work which they have begun ever find capable hands to perform it so that it will prove a credit and a satisfaction, and in the far remote future, a memorial for these men. Let us for a moment glance back and see the wonderful growth and development of our publication. We began as a small leaflet of four sheets and now, only a year after our initial appearance, we have doubled the size of our paper. May the College Cord increase not only in size and quality, but also in influence so that each succeeding anniversary may be the occasion of joy and satisfaction at the addition of some new feature. We ask all our readers and advertisers to rejoice with us at this our first anniversary, and we extend to them our best wishes and in addition ask for their continued and increased support.

Comments

AT THE END OF THE YEAR.

We have reached the end of the year. It behooves us now as students of Waterloo College to take stock and see what advance we have made in our own training, and also to note with what wider outlook we view the many activities which are going on around us. It is only by this method that we can measure the benefits which are derived from a college training.

Education is power. It is the wherewithal to live a fuller and higher life, to give to the world a more perfect service. Our civilization is what our schools make it. It can never advance further than the most generous and broad-minded individuals who become the leaders in the respective countries. Education alone can give us a wider and less prejudiced view of the doings of our fellow-men. It enables us to see and appreciate the finer and better things in life and to order ourselves that we may derive the greatest possible value out of our existence. It is now the opportune time to examine ourselves to see just what our attitude on the great problems of this life is. We are moulding a universal theory, a philosophy of life into which all activities are fitted. How wide our outlook will be depends solely upon us. We are personally responsible for our development. Happy are those of us who can look back and say that we have utilized every moment of time in the best possible manner and that we have derived something worthwhile from our year's work.

Owing to financial stress we have been forced to raise the subscription price of the "Cord" from fifty to seventy-five cents per year. This advance in price was necessitated because of the increase in size of our publication. Some advance was also made in the advertising rates. These advances are deemed justifiable because of the increased circulation in comparison with the initial issues of the "Cord." With the increased revenue which these advances are hoped to yield, we wish to wipe out the deficit which has been incurred this year. We hope that our subscribers and advertisers will appreciate our position as it is impossible to publish a paper unless the revenue derived from it is sufficient to cover all expenses of publication. We request our subscribers and advertisers to give us their support in a measure even exceeding that given us in our first year of publication.

Mr. Walter Reiner a former member of the class of '29 tore himself away long enough from business and other things in Guelph to attend the Sophomore and Freshmen banquet last Monday. The Sophomore executive is to be commended for its practice of keeping all the old members of the class together. In later years the friendships formed will prove invaluable.

Reading maketh a full man; conference a ready man; and writing an exact man.—Bacon.

SOPHOMORES AND FRESHMEN HOLD JOINT BANQUET

Final Gathering For Year Is Held At
Bridgeport.

An unprecedented gathering took place on Monday, the 23rd, when the Sophomore and Freshmen classes held a joint banquet. Although the project was not received any too favourably by some of the Sophomores when it was first broached, nevertheless by the end of the evening all agreed that it had been a glorious success.

The banquet was held in the Lancaster Inn at Bridgeport or as it is better known, "Hermie Wagner's." Right here we must say that there is no finer place in the country for class dinners than at "Hermie's". The food and service are excellent and the entertainment is without an equal.

The boys ambled in at about 7.30 and sat down before the groaning table. The different courses were interspersed with some lusty sing-songs. If there had been a medal for the best effort in this regard it is the unanimous opinion that Schmidt would have sung away with it.

The banquet proper finished the gang were entertained in an extemporaneous fashion. George Roberts, the new president of '29, proved a most able chairman. Short speeches were indulged in by Dean Potter, Rev. S. W. Hirtle, Pat Zilliax and Art Buehlow. Dr. Schorten, the honorary president of the class, was also present but was forced to leave early in the evening on account of an engagement.

After the speeches a short program of dancing and singing was indulged in. (Note there were no ladies present). Again Schmidt proved his versatility by capturing the prize for fancy dancing. However he was closely followed by "Pat" Zilliax and "Mac" McLellan.

This part of the program was kept up until both throat and limbs were exhausted and until the efficient pianist, F. Loth, could extract nothing but weak attempts of either song or dance from the gathering.

When the party broke up at about 12 o'clock each and every member of either '29 or '30 expressing the sincere wish that the good feeling shown throughout the evening would continue during all the college days.

Thus at the flaming forge of life
Our fortunes must be wrought;
Thus on its sounding anvil shaped
Each burning deed and thought.
—Longfellow.

fear of the Lord is the beginning of wisdom." Ps. iii, 10 The most potent testimony has always been of a personal nature; it is by such testimony that personalities are usually influenced, by such testimony that a change of views and personal attitude toward Christ is commonly effected. "The true end of teaching is one with the true aim of life," Arnold Tompkins.

Waterloo College is the youngest of our three-fold institution but it has proved itself a great help to the Seminary. In these days with the emphasis on education, a minister of the gospel must be well trained and equipped with a good knowledge. Professors in the Seminary have gratefully noticed the good foundation laid by the College. Thus the College becomes a blessing to the church.

Humboldt says: "Whatever you would put into the state you must first put into the school." Now, some will say, we have nothing to do with the state. True—but why should we leave to others to build our nation, this great country of ours! Some day graduates of Waterloo College will take an active and leading part in the affairs of our country. We enjoy many privileges and let us therefore not neglect our duties as citizens. The universities of the old countries have shaped the civilization of Europe, even the whole world. The Lutheran Church in the new world (North America) dare not step aside and let others do it. We have a message and our peculiar gifts which we must impart to the benefit of our country and Canadian citizens.

GREETINGS FROM W. SHERWOOD FOX, PH.D., D.LITT., F.R.S.C.,
DEAN UNIVERSITY COLLEGE, UNIVERSITY OF WESTERN ONTARIO
May, 1927.

The Editor of the College Cord,
Waterloo College of Arts,
Waterloo, Ontario.

Dear Sir:

On behalf of the Faculty and students of the University of Western Ontario I wish to extend a warm greeting to Waterloo College of Arts and to its first graduating class. Although the college as a corporate body has already made its entree into the University circle, yet in a sense this coming Convocation is the occasion of its real introduction. For the first time Waterloo College is publicly presenting a class to the Chancellor as candidates for the degree of Bachelor of Arts and in this way draws to itself the attention of the University's entire constituency. The general public will now know, as the officials of the University have known for several years, the high standards under which Waterloo College operates. In this sense the College is just entering upon its academic career. With this new condition will come greater responsibilities, often very perplexing, but these will be more than counterbalanced by the deep satisfaction that comes from the knowledge that the College is growing soundly and is giving a constructive service in constantly increasing measure.

Yours sincerely,

(Signed) W. Sherwood Fox,

Dean, University College of Arts.

MESSAGE FROM THE REV. J. MAURER, D.D., PRESIDENT OF THE
BOARD OF GOVERNORS

Kitchener, Ont., May 18, 1927.

Dr. Alex. O. Potter,

Dean and Executive Head of Waterloo College of Arts.

On behalf of the Board of Governors of Waterloo College, I desire to express the Board's appreciation and gratitude in connection with the anniversary of the first graduation of our institution—the conferring of the academic degree of B.A. This event marks a new era in the educational history of our Canadian Lutheran Church. Our affiliation with the University of Western Ontario has placed our school in the ranks of the Lutheran Colleges in the United Lutheran Church in America. It has given us a prestige we could not otherwise have attained.

Our appreciation is also expressed to you and your efficient staff for the sacrifice, devotion and energy expended, which has given your students such a splendid standing and rank among our Canadian Colleges. We hope that the attainment thus achieved may lead up to still higher standards.

On behalf of the Board of Governors,

(Signed) J. Maurer, President.

MESSAGE FROM THE HON. W. D. EULER, M.P. FOR NORTH
WATERLOO, MINISTER OF NATIONAL REVENUE

Dear Dr. Potter:

The graduation of the first class of Waterloo College is an occasion of such unique interest and importance that I cannot let it pass without congratulating the faculty and the graduates.

As one who was born here and who has the honour to represent this district in the Federal House, it is a source of pride to me that Waterloo County has taken its place with the few other Counties that have a degree granting college.

I am proud, also, that the Lutheran church, to which I have the honour to belong, has been and is the sponsor of this splendid educational institution.

This community has long been noted as a manufacturing and financial

History of Waterloo College

Continued from Page 1
ing a three year High School course and a "College Department" offering a one year Arts course. The 1918 Calendar announces that "further courses looking to the completion of a full Arts course and the conferring of the degree of B. A. will be offered as circumstances permit." The Faculty concentrated on the three year high school course and the one year Arts course with the result that there was a phenomenal growth and additional members had to be added to the faculty. The development of this preparatory department was so rapid that in the fall of 1922 the Board of Governors provided for the separation of the Faculties of Seminary and College and for the appointment of a College Principal who was given the powers "usually vested in the principal of a Collegiate." The Rev. Prof. N. Willison, who in 1914 was the first graduate of Waterloo Seminary and who since 1918 had been serving on the Faculty, was appointed first Principal.

Founding Of Waterloo College

In September 1923 an additional year of Arts work — designated as "Fifth Form" was added to the college course. That same year Rev. S. W. Hirtle, Rev. H. Schorten, R. J. E. Hirtle, M.Sc., and Alexander O. Potter, Ph.D., were engaged as professors. The venture of an additional year proved successful and it was felt that it was an opportune time to add to the courses offered and organize a full four year Arts course. On April 4 and 5, 1924 Principal Willison and Dr. Potter drew up proposals for a re-organization. These proposals were submitted to the Faculty at its regular meeting, April 7. The Faculty passed a resolution recommending to the Board of Governors a more complete separation of the High School and College Departments and the recommended that that end could be accomplished by the adoption of Articles which they suggested. These suggested Articles were considered very carefully by a committee consisting of The Rev. E. Hoffmann, D.D., The Rev. J. Maurer, D.D., The Rev. C. H. Little, D.D., The Rev. N. Willison and Dr. Potter. The recommendation of the Faculty and the finding of the committee were passed on to the Board of Governors at its meeting May 30, 1924.

Acting upon the powers conferred upon it by Articles 6 and 12 of the Charter, the Board passed the suggested Articles as By-laws establishing a Faculty of Arts. Thus on May 30, 1924, "Waterloo College" as it is at present organized came into being. Section 1 of the By-laws provided that "the Executive Head of the Faculty of Arts shall be styled the Dean", while section 2 gave the Dean all the authority and powers usually vested in such an executive officer. Section 3 gave the Dean charge of "matriculation of students into the Faculty of Arts, the arrangement of courses, promotion and graduation of students and of all matters of discipline in the Faculty of Arts not under the direct

centre. It is typical of the progressive spirit of our citizens that we now assume a position of leadership in higher education.

As the graduates leave this place to take their part in the world's affairs, I know that the useful lessons that have been inculcated will stand them in good stead. They are now well equipped to take their part in building up a virile Canadian nation, and I take this opportunity to wish them every success.

Yours faithfully,
(Signed) W. D. Euler.

MESSAGE FROM THE HON. JUDGE JOHN BASSETT MOORE, JUDGE OF THE PERMANENT COURT OF INTERNATIONAL ARBITRATION AT THE HAGUE, HOLLAND

New York, N.Y., May 20, 1927.

Dr. Alex. O. Potter,
Dean, Waterloo College,
Waterloo, Ontario.

My dear Dean Potter:

Chief Justice Bleckley, of Georgia, is reported on a certain occasion to have told a jury that, while mercy, benevolence and charity might be considered as admirable desserts which tended to soothe and sweeten human existence, the one absolute necessity was justice. I am often asked the question whether the cases with which the Permanent Court of Justice deals involve questions which, if not determined by the Court, would probably lead to war. This is a test very commonly applied to the proceedings of boards established for the purpose of applying the judicial process to the settlement of international disputes, but I cannot help thinking that it is essentially misleading. No one proposes to abolish national or domestic courts because they do not prevent civil war. There is no specific for the prevention of the use of force in this world where people are bent upon its employment. Nevertheless, the judicial process has been used in international affairs as well as in domestic affairs as long as civilized society has been known, and its employment may be regarded as one of the ordinary incidents of social existence.

Believe me to be
Sincerely yours,
(Signed) J. B. Moore.

control of the President or House Father, or the officials of the Student Council". Section 4 provided that the Dean shall be an advisory member of Faculty of Arts students' organization and Section 5 provided for the arrangement of the annual commencement. The organization of the Faculty of Arts and the appointment of Dr. Potter as Dean was announced at the Commencement Exercises Friday evening May 30, 1924. The Rev. Prof. N. Willison continued as Principal of the older department. The first announcement of the Faculty of Arts was hurriedly compiled and was published in the form of a ten-page type-written document, typed by Miss Nuss, County Court Reporter. A three year Arts course was offered — while the fourth year was outlined. Registration for the Faculty of Arts took place on Wednesday, September 17th, and following days. Twenty-four students registered. Thursday evening Sept. 18, with fitting ceremony, the Faculty of Arts was installed by the Rev. J. Maurer, D.D. president of the Board of Governors. This Faculty consisted of:—Alexander O. Potter, Ph.D., Dean and Professor of Philosophy and the Social Sciences, Roy J. E. Hirtle, M.Sc., Professor of Science and Mathematics, the Rev. Seward W. Hirtle, B.A., Professor of Latin and Greek, The Rev. H. Schorten, Professor of Modern Languages, the Rev. N. Willison, Litt.D., Professor of English and the Rev. A. A. Zinck, S.T.M., Professor of English Bible.

Affiliation With The University Of Western Ontario.

For some time negotiations had been conducted with the University

of Western Ontario, with the object of affiliating with that institution. These negotiations were dropped temporarily, but in Dec. 1924 it was recommended to the Board of Governors that a committee be appointed to interview the authorities of the university and that the committee be empowered to enter into negotiations with the university authorities to draw up tentative articles of affiliation. The Board approved the recommendation and appointed the following committee: The Rev. Emil Hoffmann, D.D., The Rev. N. Willison, Litt.D., The Rev. J. Maurer, D.D., The Rev. C. H. Little, D.D. and Dean Potter. This committee held an organization meeting Wed. Dec. 24, 1924 at which meeting Dr. Hoffmann was elected Chairman and Dr. Potter Secretary of the Committee. The Secretary was instructed to get in touch with the University authorities. After some correspondence, Dean Potter on January 23, 1925 went to London where he had an interview with Dean W. Sherwood Fox and Registrar K. P. R. Neville. At the meeting tentative articles of affiliation were drawn up. On Feb. 3 upon the motion of Dr. Little, seconded by Dr. Willison, the committee approved the tentative articles and recommended to the Board of Governors that the articles be adopted. Dr. Maurer called a special meeting of the Board of Governors for Feb. 17. At that meeting the Articles were approved and it was decided that henceforth the "Faculty of Arts" should be designated "Waterloo College", while the older department, which until that date had been called "Waterloo College" should be known as "Waterloo College School". The Board of Gover-

CORD STAFF HOLDS FINAL MEETING FOR YEAR '26-'27

Subscription Price Raised To Seventy-five Cents While Advertising Rates Are Also Increased.

The College Cord staff held its final meeting Thursday, May 19th. The fact was revealed that from an editorial point of view our publication has been a great success. From a financial standpoint, however, a different situation was evident. The staff decided to raise the subscription price to seventy-five cents per yearly issue of fifteen copies. It was pointed out that this was still much lower than similar sized publications in other schools. The advertising rates were also slightly advanced. With these increased rates it is hoped that the present deficit can be overcome within the next scholastic year.

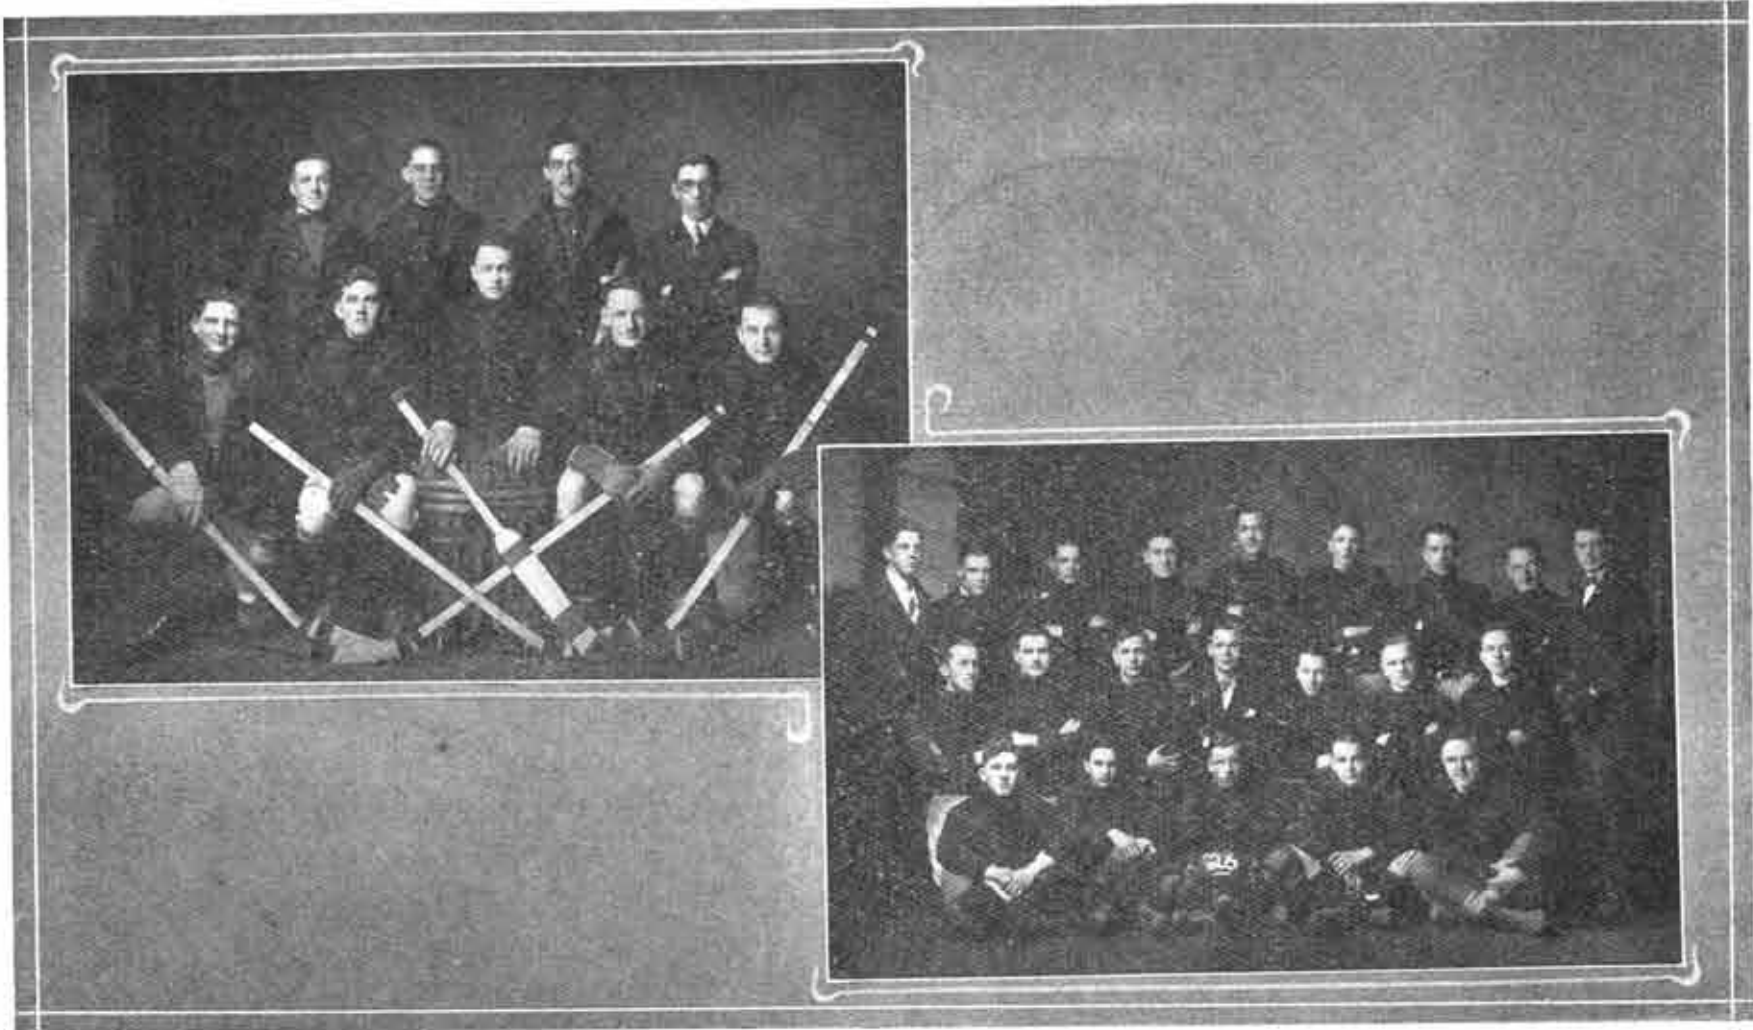

It was decided that the first issue of the fall term should appear in the second school week.

nors of the University met Feb. 18 when they approved the articles of affiliation. That evening Dean Fox telephoned the news to Dean Potter. The next day had been set aside as a day of prayer for College and Seminaries. A special service had been arranged with a sermon by the Rev. Dr. H. Sperling of St. Peter's Church Kitchener. After the service Dr. Hoffmann announced to the students and faculty the joyful news that Waterloo College had on Feb. 18, 1925 affiliated with the University of Western Ontario.

Under affiliation the College continued to develop, with the result that in 1927 the first class was ready for graduation. This Class of 1927 consisted of John E. Miller, Harry Baetz, Norman Keffer, Carl Klinck, Albert Lotz and Garnet Schultz. The first Baccalaureate Service was held in St. Matthew's Church, Kitchener on Sunday May 22, 1927 at 11 a.m. The Rev. Chas. S. Bauslin, D.D. College Secretary of the Board of Education of the United Lutheran Church in America preached the sermon. At the first Class and Prize Day Exercises Wednesday evening May 25, Albert Lotz delivered the valedictory address, and Harry Baetz the salutatory address. The degree of Bachelor of Arts in course was conferred upon the first graduates of Waterloo College by the University of Western Ontario at the Convocation held Friday May 27, 1927. By special invitation the Rev. Prof. N. Willison, B.A., Litt.D., Registrar of the College and Honorary President of the Class of 1927 acted as Chaplain. The candidates for degree were presented by Dean Potter.

Thus were reaped the "first fruits" of Waterloo College. The College founded in 1924 had in short while become an established fact, and affiliation with the University of Western Ontario had been consummated.

For right is right, since God is God,
And right the day must win;
To doubt would be disloyalty,
To falter would be sin.

HOCKEY TEAM

Standing—W. SCHWEITZER, F. KNORR, O. NICKEL, C. SELTZER (Manager).
Sitting—R. KELTSERBORN, H. RUPPELL (Captain), G. GORDIER, H. BAETZ, E. SHELLEY.

HOCKEY

"Last year our hockey team did very well in their own group and it had the honor of being the first team from the College to compete against the University of Western Ontario since affiliation. Although our team lost they gave the London boys a good scrap and we hope to beat them this year."

The above excerpt is taken from the September issue of the College Cord and no doubt expressed the general opinion of the school. Our record this year may not appear quite so encouraging, nevertheless, we have not retrogressed to any great extent.

We had planned on a stellar hockey year but somehow or other even the best of plans go astray. The first disappointment was the discontinuance of the Waterloo Town League in which we had won the laurels in 1926. We then intended to enter a team in the Twin City League. Here, due to lack of material, we had to abandon our plans as regular O.H.A. players were only allowed to play two games in the city league. Entering a team under this condition would have given us no chance in senior company.

In spite of these handicaps, the team has by no means brought discredit to the school. Our first engagement with the mother institution at London, December 11, 1926, proved very exciting. Very few fans accompanied the team, but in spite of this our boys made a good showing. Western's short accurate passing and defensive tactics, perfected in their tri-weekly workouts, proved too much even for the bulldog determination of the College players. They did, however, acquit themselves creditably in spite of lack of practice. The team looked forward to a return game with Western but suitable dates could not be

arranged due to Western's regular schedule and the constant use of the Auditorium for O.H.A. and Twin City games.

On February 1, "the gold and maroon" succeeded in lowering the lofty colors of the K-W Collegiate in a decisive game played at Victoria Park. It was a sweet revenge on our old rivals for the defeat we had suffered at their hands in basketball. The College was superior at all stages of the game. This game likewise reflects on our team for our opponents carried away the Senior Wossa honors.

Our final game on February 22 against the St. John's Lutherans, was made possible by one of our interested fans. Our team was greatly handicapped due to the absence of our regular goalie and the left defence player. No doubt the presence of these two would have removed the one goal margin in their favor, perhaps even reversed it.

Every player gave loyally of his time and energy, so that no star can justifiably be singled out. Without doubt we have material here to make a championship team in whatever league they may enter. But to do so the team must have more whole-hearted support, larger practice area and better organization. It is our hope that next year will see it brought about.

RUGBY

To write a resume of the past rugby season is in truth no easy task. We cannot dwell on the grand victories or congratulate the team on winning a championship. No, for this would not be true. The condensed story is that they did not win a game. But yet that sentence is far too much condensed. It carries a wealth of meaning which is hidden beneath the surface. The old saying is that nothing succeeds like

RUGBY TEAM

Top Row—H. WEIR, G. McLENNAN, R. BREITHAUPT (Captain), L. SCHMIDT, E. CUNNINGHAM, G. ORTH, N. KNAPP, H. BAETZ, G. HAGEY.

Centre Row—E. MacINTOSH, A. LOTZ, A. ZILLIAX, L. HAGEY (Manager), H. MacINTOSH, J. HERBERT, F. GOOS.

Front Row—H. RUPPELL, G. ROBERTS, E. SCHRAEDER, E. SHELLEY, A. HERBERT.

success. Yes, but what can be said for defeat. Defeat is far from cheerful but there is no dishonour in it. Defeat can spur us on. Do we not rise on stepping stones of our dead selves? It is here that defeat has served an excellent purpose.

Also it takes a brave man to stand defeat and then come back smiling. Every man on the team worked with his body and soul to bring victory to the school but somehow they were always nosed out. Never however were they snowed under. The games were always close and interesting and the effort put forth was appreciated by the school. Through their energy the game of rugby was put on a firm foundation on which future teams may build.

They laboured under tremendous difficulties which would have discouraged many. Time for practice was very short as most of the players had classes till five. (This we hope will be remedied next year). Also the team lacked an adequate coach and the equipment was sparse to put it gently.

But what about next year? First, we have been promised a coach. Secondly, we are to have better equipment. Now thirdly we want to see the same spirit which was shown last year only we want it doubled in value. The result? Well we are not prophets but we hazard the guess that the balance will be on the win column in the year book.

SPORTSMANSHIP

A well-known American periodical conducted a contest recently in regards to what their readers considered to be true sportsmanship.

This question undoubtedly has

often entered the minds of all of us. What is your opinion on such a matter? Sports can do much to develop the character and manliness of the younger generation. Sports teach us tolerance, an important doctrine for young Canadians to remember.

Here is what one man says about sportsmanship: "It makes a man an analyst of his own faults and weaknesses, but it makes him train to overcome them." Is this not a worth while result of sport? Will this not be of advantage to the young man later in life in his dealings with his fellow men?

There is a great deal of idealism at the basis of gentlemanly sportsmanship. A true sport has the highest system of ideals and puts them to practical application, while the poor sport has no such system of ideals.

Often it is not the true sport who succeeds in the game but the true sport has another success, a success over his own selfishness. The real sport is the player who grins in the face of defeat and keeps his head when he wins.

In fact we can turn to Kipling for the same thought when he says: "If you can meet with Triumph and Disaster

And treat those two impostors just the same,

Yours is the Earth and everything that's in it

And—which is more—you'll be a Man, my son!"

Sportsmanship is only an everyday application of the Golden Rule. The player who learns true sportsmanship will be unselfish, co-operative, helpful and alert. He will be the servant of humanity.

DR. N. WILLISON

Honorary President Class Of 1927

DR. WILLISON'S MESSAGE

To the Class of 1927:

Your position as the Class of 1927 of Waterloo College is unique in several ways. Of prime interest is the fact that you are the first candidates for the B.A. degree to go forth from Waterloo having obtained all your training in this institution. Then you are the first class of graduates of that rank from any Lutheran institution in Canada. Again, your achievement as a class synchronizes with the celebration of the Diamond Jubilee of Canadian Confederation and must become an important part of the record of Canadian progress.

Love of a peculiar quality is usually bestowed on the first-born. They are the strength of their parents and the embodiment of the hopes of idealistic youth. You who are members of the Class of 1927 are the fondlings of many hearts and you are particularly dear to those who have travailed to give you this new birth. The confidence that your graduation has justified begets new confidence in your ability and determination to continue in the course of honourable achievement in the wider spheres of the life for which you have trained. The Christian qualities you have shown inspire the hope that you will not turn the great advantages that have come to you to merely selfish ends but that you will find your greatest joy in that form of life which rests on personal consecration to the commissions of our directing divine Master. I believe you will acknowledge the responsibilities associated with your new powers and that you will resolve by divine grace to make a real contribution to human happiness. May you realize to the fullest extent the fulfilment of the declaration of the Lord: "I am come that they might have life and that they might have it more abundantly."

I rejoice over the privilege of having been your Honorary Presi-

GARNET R. SCHULTZ

*"He has wit and song and sense,
Spirit and mirth and eloquence."*

It was in Pembroke, Ont., in the year 1905 that Garnet received his first glimpse of this old world. Evidently he was favorably impressed for he decided to stay, and with loud cries demanded recognition. And he received it. His talents were recognized to be so promising that only Waterloo College was considered capable of doing them justice. At college, too, he has made his mark. Enthusiastic, impulsive and sympathetic, witty—he has endeared himself to all.

In his college career Garnet has filled important executive positions in the various student societies, and has served a term as president of the Student Boarding Club.

Fortunately Garnet's sunny smile will not be lost to Waterloo—and Kitchener—for a year or two (at least since he is pursuing theological studies in the Seminary).

dent. I trust your graduation will but strengthen the bonds that have been forming during the past few years. May I wish you all that your enlightened minds have seen of future good. You are a part of all that you have met and may the loveliest part of all continue to be the realization of the promise: "I will come in to him and will sup with him and he with me."

Affectionately yours,
N. Willison,
Honorary President.

**HISTORY OF THE
CLASS OF 1927**

*"Tho much is taken much abides,
and tho"*

*We are not now that strength which
in old days*

*Moved earth and heaven; that which
we are, we are;—"*

*Tennyson's "Ulysses".
In another of his immortal lines*

NORMAN A. KEFFER

*"To try thy eloquence, now
'tis time."*

Norm began the cultivation of his vocal organs one day in 1903. Being told that calling "co-boss" was a fine way of developing expression, he decided to practice it for several years on his native meadows near Edeley, Ont. In 1920 he came to Waterloo in search of new fields to conquer.

Although Norm's voice is only accessory to a very pleasing personality, it is largely through his oratorical and musical talents that he has become prominent in college life. He holds several public speaking medals and has always been popular as a soloist. He has filled many executive positions and was Waterloo College's representative for the L.S.A.A. for some years.

Norm's many friends wish him every success in his chosen career.

CARL FREDERICK KLINK

*"Success has been his constant
attendant."*

The little town of Elmira proudly claimed him as her own, but Carl's ambitions soon drove him from her limits, and he landed in Waterloo College School in 1922.

His four years of Art's training have been characterized by earnest, diligent application. In his sophomore and junior years he won both class scholarships. Carl has given liberally of his time and energy to executive work. He has played a prominent part as president of the Athenaeum and has won merit as first Editor-in-Chief of the College Cord.

"Duty before pleasure" has always been the dominant note in his young life, and if success in life attends this proverb, Carl's future is assured. May he come back to the institution whose admiration and respect he has won as a model and energetic student.

Tennyson says:

*"All that was left of them
Left of six hundred."*

We might apply these lines to the Class of '27. Shot full of holes—numerically speaking—the ranks of this class are sadly depleted. There remain but six, out of five times that number, who have not fallen. These faithful few Waterloo College is honoring in these days as her first graduates, but at least in the minds of their classmates those who have left are not forgotten. Memories of them go back to College School days before an Arts course at Waterloo was even dreamed of, for this class of whom but six remain was a unit from the days when the majority of its members entered first form. That was seven years ago.

Much has happened in that time which will never be recorded but which has played a part in moulding the lives of these men. Yet there are certain events which have become classic in school tradition:

the day when an alarm clock hidden in the corner disturbed a certain Latin class; another day when a practical demonstration of the fire-extinguishers was to be held on the campus—such events and many others remain impressed upon the memory. Other incidents, sad or gloriously significant, there are as well. Then there are faces and characters which rise up in our minds. Will the old rugby team, which John Snyder, Clarence Block and the Hauch brothers made famous, ever be forgotten at Waterloo? We think of Herb Reitkoetter whose promising career was so sadly cut short, and of others whom we have not heard of for years.

Then College days began. The Class of '27 has been the pioneer class, the entering wedge, so to speak, into new developments. With it grew the Fifth Form as it was called. During the uncertainty of the times of establishment of the Faculty of Arts, the students showed their faith in Waterloo's destiny.

JOHN EDWARD MILLER

"Thy modesty's a candle to thy merit."

When the train from Chatsworth pulled into Waterloo station one fine September day in 1919 Johnnie stepped off a little timidly like one who is to begin a great adventure. He was all curiosity, yet not a little bashful—and he still is like that. His face is radiant with modesty, while his mind, like Ulysses' is always eager for something new.

Needless to say, Johnnie's eagerness and sincerity have made him a good student. In his junior year he was the first to win the Potter scholarship. He has also had the honor of being among the first to hold the position of president of the Athenaeum.

Johnnie is now in his second year theology in the Seminary, from which he will graduate into the ministry. We are assured that success will attend him.

HARRY W. BAETZ

"By different methods different men excel But where is he who can do all things well."

When Harry left his native town, there were no crowds at the depot to say farewell—for Moltke, Ontario, boasts of no railway or depot. Indeed it is only with difficulty that it can be found on an ordinary map, but yet there is much good to be said of any town which could produce a man like Harry.

Harry soon made himself a leader in College activities. He excels in every line of sport. Many a prize attests to his excellent scholarship. In musical and literary lines he has shown abundant ability, and has always been a popular choice for important offices in college life. Sincere, diligent, versatile, a man of few words, Harry will gain respect and honor in anything he undertakes.

ALBERT WILLIAM LOTZ

"His life was a watch and a vision Between a sleep and a sleep."

We are told that when Ab entered this world in 1907, he simply said: "Wake me up at half-past eight"—and took another "forty winks." Six years ago he came to Waterloo with the same kind of introduction.

Ab has become known to his friends as a fiery denunciator of naturalistic evolution. His sincerity and frankness have won for him many friends, and his ability and willingness have made him a leader in school organizations. He has held positions as president of the Athenaeum, president of his class, and business manager of the College Cord. At the recent L.S.A.A. conference in Madison, Wis., he ably represented Waterloo College.

The Gospel ministry is to be Ab's life work. No doubt his oratorical ability will make him an outstanding preacher.

DEAN A. O. POTTER

'VINCIT OMNIA VERITAS'

The prayers and the hopes of many years will be realized when you, the members of the Class of 1927, are admitted to the degree of Bachelor of Arts. To those who have labored diligently and faithfully towards the establishment of Waterloo College, it will mean the consummation of their efforts. To you it will mean the beginning of your life's work. You have spent years in careful preliminary training, first in Waterloo College School, then in Waterloo College. You have the honor of being the first class to graduate from Waterloo College. You are now ready for the concentrated work of the post-graduate student.

May you fulfill our hopes and lead worthy lives of useful service. May you ever cherish the ideals instilled into you and thus be true representatives of your Alma Mater. May you continue to strive upward, eagerly searching after the truth. Seek the truth, and the truth shall make you free.

We do not say "goodbye," we bid you a fond "auf Wiedersehen."

Alex. O. Potter, Dean,
Waterloo College.

Their faith was justified—one morning at chapel Dr. Potter announced that affiliation with the University of Western Ontario had been established. Will we ever forget how everyone joined Dr. Hoffmann in singing "Praise God from whom all blessings flow." A new era had dawned for Waterloo, whose fruits we are enjoying for the first time in these days.

The last four years, too, have left impressions indelibly fixed upon our minds. Memories of doubts and fears, sorrow and pain of joy and achievement, of experiences too intangible and soul-stirring to be spoken about. The lasting memory, too, of a man who lived a life which seemed to us almost ideal—the late Dr. Hoffman. Memories of living men as well who have done their part to make us better men. Memories of many other things, of cheerful comrades, trusted friends, among fellow-students and professors. In short, all those intimate never-to-be-forgotten things which make up col-

lege life—these for us are hereafter to be but memories.

The members of the Class of '27 have played their parts in school life. All of them had held executive positions in the Athenaeum. John Miller was one of the first to be its president. Norman Keffer has won several public speaking medals. Garnet Schultz has for several years been presiding officer of Arts assemblies. Albert Lotz and Carl Klinck are among the founders of the College Cord. In sports Harry Baetz has upheld the honor of the class by starring on almost every College team. The other members of the class have at one time or another played on the various athletic teams. The class basketball team has the distinction of never having been beaten by any other class team in the institution. In academic work a record has been created which will probably stand for many years. The first semester reports showed that four out of the six members of the class received an A grade

—first class honours—in every subject.

Until the beginning of the Senior Year it was felt that any formal class organization would be unnecessary in view of the fact that a unity of interests and a common goal would be a sufficient bond. However, for the last year, Albert Lotz was elected President and Valedictorian. Dr. N. Willison was chosen Honorary President, in which capacity he has proved an able counselor and a sympathetic friend. (May we add Softly," except in the case of delayed essays"). We are very glad to learn that he has been chosen as Chaplain of Convocation on Waterloo's first participation in such an event. No definite arrangements have as yet been made for a class memorial although plans are now under consideration. Preparations are also being made for an Alumni Association.

And now the time has come when we must say farewell. It is a fact that most of us will return to the

institution, but never more shall we be undergraduates with all that is implied therein. We leave Waterloo College—but not as we found it. It is our pride that it has grown up around us. We have perhaps not been wholly worthy of the honour; we have done what we could. What has been accomplished, we hope may be furthered. What has been left undone, we leave as a bequest to those who follow. Waterloo's traditions are still in the making. Upon the coming Senior Class the responsibility now rests. And for us who are going out to the "more abundant life" beyond College doors—for us may these concluding words of Tennyson be true:

"But strong in will, to strive, to seek to find, and not to yield."

BASKETBALL TEAM

Back Row—H. BAETZ, T. BRETZLAFF, E. R. CUNNINGHAM (Manager), C. HAAS, C. HECKENDORN.

Front Row—L. HAGEY, M. STOSKOPF (Captain), G. HAGEY.

COLLEGE "CORD" STAFF

Standing—W. SCHWEITZER, H. WEIR, L. HAGEY, F. GOOS, T. WAGNER, E. SHELLEY, W. GOOS, J. HERBERT.

Sitting—G. HAGEY, A. LOTZ, DEAN POTTER, C. KLINCK, H. KALBFLEISCH.

BASKETBALL

The cage team under the leadership of Stoskopf has enjoyed a very successful season. True they have no trophy to show for their efforts but this can be attributed more to a lack of efficient organization than to the ability of the team itself.

Practices were started late in November and all of last year's regulars responded to the roll call. Along with the veterans, there was also some excellent green material in the Freshman class. In passing it might be noted that there is still some latent basketball talent in the school but it can only be developed when the team has the services of an able and experienced coach.

As soon as the students and others who are interested realize that a good athletic record is one of the best advertisements that a school may have, then and only then will basketball and the other sports find their true level at Waterloo College. However, let us review briefly the past season.

It had a very inauspicious beginning when the team lost its first city league game to St. Andrew's who were last year's champions. The score was 25—35 which was a fair criterion of the play.

The next game was even harder to digest because we lost to St. Jerome's by the score of 14—19. This defeat was all the more rankling because it was the first one to be suffered on the basketball floor from our college rivals in Kitchener.

Nevertheless their team showed a very marked improvement, due very much to their efficient and energetic coach.

With these two defeats still warm

in their minds the boys tackled the Zion aggregation. This game although it was not productive of good basketball was nevertheless the toughest and most heart-breaking of the whole season. The checking was of the necking variety, both teams transgressing far too often. The school was leading until the last few minutes when they were nosed out by a score of 8—7.

But now we have reached the more enjoyable part of the history. Hereafter it is our privilege to recount only successes. The following victories show very clearly that the team never quit. After these three defeats they came right back with six straight wins.

We may be a little prejudiced but nevertheless we cannot help congratulating the team on the last half of their season. The improvement in their team play was marvellous. The tough break of the Zion game served to enervate them with a grim determination to win.

U.B. Benton, Y's Men and Trinity fell in succession before the onslaught. This series of wins put the team into a tie for third place and gave them the privilege of playing against an all-star team from Toronto. If any of the games during the season deserved special mention it was this one. On the visiting team there were three Senior O.B.A. men, all of whom were heavier and much more experienced than the college quintet. The brand of basketball displayed was the best seen in Kitchener this year and judging from the enthusiasm shown the college would do well, both financially and otherwise, if similar games were arranged for next year. The gold and maroon took a lead of

CORD STAFF

The College Cord staff is an outgrowth of the staff of the "Athenaeum," a paper which was edited by the editorial staff of the literary society and which was read at the meetings of the society.

Due to the efforts of the staff of the "Athenaeum" the paper improved and enlarged until members of the society believed that the time had come when Waterloo College could edit a bi-monthly paper that would be both beneficial to the students in as much as it would give them practical experience in newspaper work and it would act as a point of contact between the students, professors and the friends not so closely associated with the institution.

Accordingly the Athenaeum appointed a committee to draw up plans for the printing of such a paper and investigate regarding a staff, estimated cost, and the like. This committee brought back a very favorable and optimistic report.

The society decided that the charter members of the staff should be the men who were then members of the staff of the "Athenaeum"

six points early in the game and were never headed throughout.

Here is the year's record:

W.C. 25, St. Andrew's 35.

W.C. 14, St. Jerome's 19.

W.C. 7, Zion 8.

W.C. 27, Trinity 10.

W.C. 14, U. B. 12.

W.C. 29, Benton 15.

W.C. 34, Y's Men 27.

W.C. 26, Toronto 17.

W.C. 25, Galt 12.

W.C. Total 201, Opposition 156.

and that this staff be given full powers to increase their number and to act independently of the Athenaeum society in all matters concerning the new paper.

This staff then met and decided: (1) That the name of the paper should be "The College Cord." (2) That the staff consist of two members from the Senior class, four members from the Junior class and four members from the Sophomore class and also a faculty adviser. (3) That fifteen issues of the paper were to be printed during the year. A definite policy was decided on in regards to the advertising and the price of subscriptions.

This staff put out a four page paper three days after the opening of school in the fall term in September 1926.

Through the untiring efforts of the first editor, Carl Klinck, Dean Potter and the members of the staff, the paper was most successful and the staff soon found it necessary to enlarge the size of the paper. At the close of the first Semester the staff added four members from the Freshman class and the two Seniors, Carl Klinck and A. Lotz retired from the staff to become Senior advisers. The staff now consists of 15 members of which five are chosen at the end of the first semester.

Oh, happiness! our being's end and aim!

Good, Pleasure, Ease, Content! what-e'er thy name;

That something still which prompts the eternal sigh

For which we bear to live, or dare to die. —Pope.

BACCALAUREATE SERVICE OPENS CONVOCATION WEEK

Rev. C. S. Bauslin, D.D., Preached Initial Baccalaureate Sermon At St. Matthew's Church.

The Sunday morning service at St. Matthew's Church was a fitting introduction to the Convocation Week programme. The church was practically crowded to capacity with friends of the College and especially those of the graduating class. The service was opened by the singing of the Processional Hymn during which the procession led by Dr. Potter, Dean of the Waterloo College, and Dr. Bauslin, College Secretary of the Board of Education of the United Lutheran Church in America, marched to the front of the church. Included in the procession were also the Board of Governors of Waterloo College, the Faculty and the graduating class of '27.

The service was conducted in the usually efficient manner by Rev. J. Schmieder, Pastor of St. Matthew's Church. Special music was provided by the choir and especially in the singing of the Anthem, "Send Out Thy Light," could the splendid efforts of the choir be noted because of the various shadings such a selection requires. The floral decorations of tulips and blossoms together with the lighted candles lent not a little feeling to the significance of the occasion.

Dr. Bauslin's sermon, particularly directed to the graduating class, was of a high order and should have served as a call to the ministry for many of his hearers. The introductory remarks were in the form of thanks to the Faculty and Board of Governors for their untiring efforts in making Waterloo College a success. He exhorted the Lutheran congregations and the people of the Twin City in general to give their wholehearted support in an unstinting manner both spiritually and materially.

Dr. Bauslin thought of "Graduation Day" as one of the most important periods in one's life. It is the day when you look back upon the years you have spent at school and the time when you first entered in order to acquire strength, truth and life." He expressed the hope that the entire graduating class would go into the ministry, but he said the church also needed influential commercial men as laymen who would take an active part in church work.

In addition to the two desires of life which a noted writer has expressed as "to get and to keep," Dr. Bauslin added two more desires, "to beget and to love." The story was told of the young soldier who was to be hanged by his enemies because he did his duty. Before the noose was put about his neck

DEAN POTTER TENDERS RECEPTION TO GRADUATES

Brilliant Social Function Held At Lindenhurst

One of the most brilliant social functions of the season was held on Monday afternoon when Dean Alexander O. Potter was At Home in honour of the Class of 1927. In spite of the inclement weather, leaders of the religious, educational and social circles of the Twin Cities gathered at "Lindenhurst" in honour of the first graduating class of Waterloo College of Arts. Dean Potter received the many guests in the Reception Hall, which had been transformed into a bower of flowers. Receiving with him were Mrs. George E. Potter, wearing a foularde georgette dress trimmed with brilliants, Mrs. Nils Willison, becomingly gowned in beaded georgette over black satin, and the Rev. Dr. N. Willison, Registrar of Waterloo College and Chaplain of Convocation. Mrs. Harry H. Huehnergard, very pretty in a powder blue georgette dress with hat to match, invited the guests into the dining-room. An exquisite bouquet of spring flowers adorned the table which was covered with point lace cloth over green satin. Mrs. A. A. Pipe effectively dressed in black crepe romaine and wearing a rope of matched grey pearls and a black lace hat trimmed with brilliants, poured the tea. Mrs. T. A. Witzel, charming in an afternoon frock of black lace over biege with hat of orchid shade, cut the ices, while Mrs. Oscar Rumpel, lovely in flowered chiffon with lace hat to match, poured coffee.

The captivating bevy of younger ladies who served were Mrs. R. I. Gordon, Mrs. R. G. Ratz, Miss Martha Breithaupt, Miss Helen Snyder, Miss Marie Storey and Miss Helen Witzel.

The gentlemen in whose honour the reception was held were:—John E. Miller, Harry W. Baetz, Norman A. Keffer, Carl F. Klinck, Garnet R. Schultz, and Albert W. Lotz.

We are all but fellow travelers
Along life's weary way;
If any man can play the pipes,
In God's name, let him play.

he was asked if he had anything to say. His sole reply was, "I am only sorry that I have only one life to give."

In conclusion Dr. Bauslin hoped that the graduates would finally reach the high-hills of Eternity from which Heaven may be reached and God's voice would be heard to say, "Well done!"

The service was then concluded by "The Prayers" given by Dr. Maurer and the Recessional Hymn.

New Dundee, Editor

SEMINARY ALUMNI MEETING

The Seminary Alumni held a very successful meeting on Ascension Day, May 26, at 2.30 p.m. The distance from their Alma Mater prevented many from attending, nevertheless, there was an encouraging number present.

After a short devotion, the president, Dr. N. Willison, B.A., Litt. D., read his annual report. The election of officers was soon concluded. The first speaker was Brother W. A. Schmidt '23, who gave an interesting report as treasurer of the Alumni Endowment Fund. He stated that the small fund had already been made useful in carrying insurance premiums for Brother C. Cronmiller and G. Gordier; this in due time will financially benefit the Fund for the endowing of a chair of English Bible in our Seminary. Further he vividly gazed into a bright future if every "grad" does his little bit. It is to be regretted that not everyone could have heard it.

Dean Potter of Waterloo College was also present and gave a very interesting address on the prospects of linking the members of the association more closely with the College and University. An important resolution followed giving expression to the desire of the association respecting university degrees for those who graduated before affiliation with the university was effected.

Other very important steps were taken, which we all hope will be seen and made known in the near future.

THE ALUMNI BANQUET

On the same date (May 26) at 5.30 the annual banquet of the Alumni took place. The president acted as master of ceremonies. The guests present were: the President of the Board of Governors, Dr. J. Maurer and Mrs. Maurer, the President of the Canada Synod, Pastor J. Reble and Mrs. Reble. The toast to King and Country was proposed by Rev. N. Willison, B.A., Litt. D. This was responded to by singing the National Anthem. The toast to the Seminary was given by Brother F. L. Howald and the response to it by Rev. Prof. E. Neudorffer, B.D. The toast to the Faculty was given by Brother S. W. Gartung, Welland, and responded to by the oldest member of the Faculty, Dr. C. H. Little. Such brevities followed a well-prepared dinner and served as a link to bind every alumnus closer to his school with a deeper love, a better understanding and a greater unity. May we all be spared to see many more such events!

THE SEMINARY GRADUATION

The fourteenth graduation of Waterloo Seminary was held in St. John's Church, Waterloo, Thursday evening, May 26. The Rev. C. S. Roberts, pastor of St. John's, preached a very impressive and in-

SPRING IN THE MOUNTAINS

Over all the spirit of Spring
Moves—that elusive and restless
thing,
Here and there in the warm sun-
shine,
Nod the flowers so rare and fine.

The time is past for sorrow and hate,
All nature breathes to court and
mate,
On summits feed the mountain ewes
In the shade of the spreading yews.

In sheltered draws the wide-eyed
does
Stand guard o'er young beside their
roes,
E'er on the dew-soaked grass they
feed,
In early morn e'er day is freed.

Love succeeds the call of hate,
The golden eagle calls its mate,
The willow grouse on ridge above,
Booms its message of ardent love.

Woodpeckers ever tap and drum,
While all about the insects hum,
A butterfly sleeps on a rock,
And flies buzz on an old haycock.

At last the dawn is slowly freed,
And woodland creatures seek their
feed,

Beneath the heavy leaved trees,
That slowly wave in passing breeze.

In the blue of a turquoise sky,
Circles a hawk with whistling cry,
Down in the vale the roar of creeks
Grows louder—fed from mountain
peaks.

Close at hand a warming breeze—
Sighs amidst the budding trees,
And softly stirs the dancing grass,
Like ripples on the river Paz.

Thus the Spring goes softly by,
And all the hills released do lie,
While the spirit of a lovely Spring,
Is hovering over everything.
—Earle Clare Shelley.

With aching hands and bleeding feet
We dig and heap, lay stone on stone,
We bear the burden and the heat
Of the long day, and wish 'twere
done,
Not till the hours of light return
All we have built do we discern.
—Matthew Arnold.

spiring sermon for the four gradu-
ates, L. Bald, G. Ernst, A. Gordier
and A. Mehlenbacher. Pastor Rob-
erts was assisted by Rev. J. Maurer,
M.A., D.D., president of the Board
of Governors, and Prof. E. Neu-
dorffer, B.D. A large congrega-
tion greeted the graduates. The
Alumni heartily welcome them and
wish them God's blessing in their
fields of labor.

BIRTHS

At Elmira, Ontario, to Rev. and
Mrs. L. Kalbfleisch, a daughter.

At Brunner, Ontario, to Rev. and
Mrs. P. Boerner, a son.

At Bridgewater, Nova Scotia, to
Rev. and Mrs. H. Whittaker, a
daughter.

The Alumni extend congratula-
tions.

CLASS AND PRIZE DAY EXERCISES HELD

Prizes And Scholarships Are Awarded, Valedictorian's and Salutatorian's Addresses Given.

On Wednesday evening, May 25, the Class Day Exercises took place in the College Auditorium. At this occasion the medals for the various field day events were also given out. The exercises were opened by the singing of the Doxology followed by the Invocation by the Rev. Prof. N. Willison. After this the Dean Dr. Potter, made a few remarks. Following these, Mr. Cook of the Kitchener Rotary Club, presented the Rotary Public Speaking Medals to H. Louis Hagey and George W. Roberts, winners of first and second place in the recent contest. Prof. N. Willison then presented the Dr. Bieber English prize to Mr. Carl Klinck of Elmira. Prof. S. W. Hirtle announced that the Hayunga Greek prize had been awarded to Mr. Harry Baetz. The Louis Peine German prize was awarded Mr. H. Kalbfleisch by Dr. Schorten. Prof. S. W. Hirtle then awarded the Martin Latin prize to H. Louis Hagey. Following this number Mr. Gerald Hagey presented the Senior Athletic medal to W. Barclay, silver medal to H. Ruppel and bronze to G. McLennan. Prof. R. J. E. Hirtle then announced the winner of the Augustine Scholarship, L. Schaus. Prof. S. W. Hirtle bestowed the Kaufman Scholarship upon H. Louis Hagey. Prof. Henkel awarded H. Kalbfleisch the Potter Scholarship. The Salutatory address was given by Harry W. Baetz '27. This was followed by the Valedictory address by Albert W. Lotz, President of Class of '27. Rev. J. Maurer pronounced the Benediction and the exercises closed with the National Anthem.

TRACK TEAM

During the past scholastic year there has been no athletic organization in the Institution which has had such an extensive programme as the Track Team. Its members have not only participated in local events but have competed in international and provincial meets with results which are very encouraging.

Activities were begun last October with the Annual College Track Meet. A large number of the students took part in this meet which determined the school champions. The senior championship was won by W. Barclay, the intermediate by L. Janzen and the junior by A. Imrie.

Having contended among themselves, the Track Team was ready for outside competition. Early in December W. Barclay, G. McLennan, E. MacIntosh, W. Drager and A. Imrie entered the indoor track meet of the Kitchener-Waterloo Y. M.C.A.. Although only several second places were obtained the result was encouraging.

In the spring another indoor track meet was held at the K-W Y.M.C.A. at which W. Barclay made a brilliant showing when he came first

in the 100 yard dash, the standing broad jump and the running high jump. The College relay team composed of G. McLennan, G. Roberts, G. Orth and W. Barclay, also distinguished itself by defeating teams

representing the "Y" and the Collegiate.

Several weeks later W. Barclay and G. McLennan represented the College at the international track games at Hamilton. They competed

Discords

Judge—You are accused of having kissed this lady. What have you to say in your defense?

Unfortunate—Nothing. Your Honor. I deserve to be punished.

Prof. R. Hirtle (at garage)—And while you're oiling and greasing the car, you can take out the promiscuous squeaks.

Dumb Mechanic — Mister, there ain't no promiscuous on this Cleveland.

Wise saying No. 78543: It is a strong stomach that has no turning, so said the oyster.

Little Girl — My what a lovely child. How old is it?

Mother—Two months.

Girl—Is it your youngest.

Shelley — Was your lady friend mad when you kissed her?

Wagner—Yes! Every time.

Shelley (leaving for Europe) — What are they doing?

Dr. Potter—Weighing the anchor.

Shelley—Aren't the customs regulations tougher in blazes though?

A. Herbert — Say Dad, can you write with your eyes closed?

Father—Certainly?

A. H.—Well then, sign my report.

H. Weir (trying to impress a junior)—Did you know I was a life saver last summer?

Tiny—Really, what flavor?

Overheard at a recent wedding: Usher—Are you a friend of the bride or the groom's?

Gentleman Guest—I used to be the bride's friend.

I live for those who love me.

For those who know me true;

For the heaven so blue above me

And the good that I can do.

—George Banks.

with some of Canada's finest track athletes and in view of this fact, the results were very creditable.

The school was well represented at the medley meet at the K.W. Y.M.C.A. and the school team was tied with a team from St. Andrew's Church, Kitchener, for second place.

W. Barclay also competed in the Ontario indoor championship meet held at the Central "Y", Toronto. In the 100 yard dash he was first in his heat and came third in the final. Athletes from many centres in Ontario were present, and Barclay's record was accordingly well worth while.

The final event of the year was the Wossa track meet at London on May 21, where Barclay was deprived of a complete victory in the 100 yard dash by an accident but nevertheless he came second.

These activities and successes should certainly be a great incentive for an even more extensive programme next term and, if organized properly, there is no doubt that the track team will have a successful season.
