

CANADA SYNOD ADOPTS REPORT PRESENTED BY BOARD OF GOVERNORS

Resolution Passed To Contribute
\$30,000 To Endowment
Campaign

What was characterized as a most favourable report was presented by the Board of Governors of Waterloo College and Seminary to Evangelical Lutheran Synod of Canada at its sixty-seventh convention held in St. Peter's Lutheran Church, Zurich, Ont., from May 29 to June 3. Without doubt, the accepting of this report was the paramount issue discussed on the floor of the Synod. The fact that the Convention accepted the report and its recommendations was looked upon as an assurance that the institution at Waterloo would receive the support of the Lutheran Synod of Canada.

In this report, which was presented on Friday morning, the Board of Governors outlined its activities during the past year. The increase in grants from the U. L. C. A. and the gratifying results of the endowment campaign held in Kitchener and Waterloo were pointed out as aids which would assure the continuance of Waterloo College and Seminary. The Board also announced a decrease of \$7,000 in the yearly budget. A recommendation that the Synod assist in the campaign of \$150,000 for endowment was made in the report of the Board. A most

FOUR SEMINARY GRADUATES ORDAINED INTO MINISTRY

Ordination Service Held At Zurich

Four graduates of Waterloo Seminary were ordained into the Lutheran ministry on Sunday, June 2, at St. Peter's Lutheran Church, Zurich, Ont., where the Evangelical Lutheran Synod of Canada was meeting at that time.

The ordination was performed by Rev. J. Reble, president of the Synod, assisted by Dr. J. Maurer, vice-president, Dr. C. H. Little, English secretary and Dr. H. Schorten, German secretary.

A sermon in the German language was preached by Rev. C. Zarnke of Pembroke, while Dr. J. Maurer of First English Lutheran,

Waterloo Graduates Receive Degree At Impressive Convocation at London

Hon. Mr. Cockshutt Installed As Chancellor; Honorary Degree
Conferred On Edward Johnson And Archdeacon Sage.

STANDING OF WATERLOO COLLEGE CANDIDATES EXCELLENT

At a convocation of national significance, marked by the installation of Hon. Harry Cockshutt, former Lieutenant-Governor of Ontario, as chancellor of the University and the conferring of honorary degrees on Edward Johnson, world-famed Canadian tenor, and on the Venerable Archdeacon G. B. Sage of London, seven graduates of Waterloo College received the degree of Bachelor of Arts at the University of Western Ontario in London on Friday, May 31. Degrees in law, medicine, arts, science and public health were conferred on 137 graduates of affiliated colleges and faculties.

The excellent record which Waterloo College has maintained since its affiliation with the University of Western Ontario was again upheld this year. Two of the seven graduates, Theodore Wagner of Zurich and H. Louis Hagey of Brantford obtained the B.A. degree with first class honours. George Roberts and Harry Weir, both of Kitchener, took second class honours, while John C. and Albert D. Herbert of Mitchell and Victor Monk of Elmwood took their degree with third class honours.

An impressive scene was the convocation parade from the Science Building to Convocation Hall. The parade was led by Professor N. C.

Western Convocation
Hall,
London, Ont.

Hart, who was followed by Chancellor Harry Cockshutt, wearing the purple robes of his new office. Practically every university in England and the United States was represented in the parade. Members of the faculty wore their academic caps and gowns. President W. Sherwood Fox, marching with Arthur Little, Chairman of the Board of Governors, was followed by Dr. K. P. R. Neville and Edward Johnson. The deans of the affiliated colleges came next. There followed Colonel John

Bayne Maclean of Toronto, Dr. Walter Sage, Professor Patterson and Dr. N. C. James, recently appointed Professor Emeritus. Then came the Board of Governors, members of the Senate, the Faculty, candidates for the degree of Master of Arts and other degrees.

Archbishop Williams, when members of the administration and the distinguished guests had taken their places on the platform of Convocation Hall, read the invocation.

President Fox, as Vice-Chancellor of the University, introduced Chancellor Cockshutt, Mr. Johnson and Archdeacon Sage.

The graduates of Waterloo College were presented by Dean W. C. Froats.

ALTERATIONS MADE IN SEMINARY AND COLLEGE FACULTIES

Several changes have been made in the faculties of the institution. These changes were deemed necessary, for there will be several subjects added in the various courses next year.

Rev. E. Neudoerffer, who has been serving in the capacity of financial

DR. J. MAURER ADMONISHES WATERLOO GRADUATES AT BACCALAUREATE SERVICE

Unlimited Possibilities for Consecrated Young Men Pointed Out
in Inspiring Sermon

In an inspiring sermon the Rev. J. Maurer, M.A., D.D., admonished the graduating class of Waterloo College that "life's final education is to grow in grace, and in the knowledge of our Lord and Saviour Jesus Christ." It was the occasion of the Baccalaureate Service which was held in St. Matthew's Lutheran Church, Kitchener, on Sunday, May 26th.

Dr. Maurer chose as his text 2 Peter 3:8. Characterizing this text as one for vision and thought, he pointed out how on that very day the graduates were standing on a high eminence from which they might obtain a clear vision of their future career. He pictured life as a building, to understand which a key was necessary. In this building, Dr. Maurer stated, were many possibilities in the rooms of nature, electricity, music, art, especially in the most wonderful room of life—the room of the heart. Referring to Europe, which during the Great War was transformed into a cemetery, Dr. Maurer showed that a growth in knowledge was not merely a materialistic development, but also a religious growth, a growth in the knowledge of Jesus Christ. By giving several apt illustrations of what men, whose hearts were permeated with the love of Jesus, had accomplished, he emphasized

Continued on Page 8

secretary for the Lutheran Synod of Canada during the past year, will resume his duties as professor of Church History in the Seminary department.

The Board of Governors also decided to retain Rev. Prof. E. Aksim, S.T.M., who has been substituting during Professor Neudoerffer's absence.

Then also, Rev. Prof. H. Henkel has been appointed as a full-time professor on the faculty of the College of Arts. This was considered very necessary and Rev. Prof. H. Henkel will be in charge of the philosophy department, in which there will be several additional courses.

Faculty Adviser Dean W. C. Froats

The Editor's Chair

To The Class Of '29

Although you, no doubt, since your graduation have been showered with felicitations, we too must say "Congratulations!" for we also rejoice in this your achievement.

It seems only a few days ago that we met you here. But even in that short time we have learned to know you as friends. In work and in play you guided us as older brothers. Your perseverance and faithfulness in behalf of our Alma Mater, especially during the past trying year, has been an inspiration for us to try to carry on the work where you left off.

And now the time for parting has come. As we bid you adieu with a heavy heart, this alone is our consolation that somewhere as we roam through the wide world we may meet again to renew our friendship.

Life! What misery, what gloom, and yet what joy and happiness are called to mind at the mention of the word life. Life has as many different aspects as there are possessors of it. Life is a continual mystery to the mere human mind. There are those who see in life nothing but sorrow, suffering, distress, and tribulation. There are others who see in life, joy, ease, sunshine, and happiness. The one who has material wealth but mental unrest is forever envying the one who has peace of mind but no worldly possessions. The poor envy the rich, the rich envy the poor. Man is always striving for what he cannot have, and if by chance he reach his desire he is not satisfied. He is continually at odds with the world because he does not know what he wants and the world will not give it to him. He is unlucky, his is a hard fate, misfortune is for him only. Look for the sunshine in this world. Don't hunt for the gloomy things of life. Sorrow and affliction will come. Evil may seem to triumph, but only for a time. Learn to see light through darkness, joy through sorrow, sunshine through the darkest cloud. To have the rainbow we must have the rain. To truly appreciate a life of sunshine and happiness, we must have trials and set backs.

"This world that we're alivin' in
Is mighty hard to beat;
You get a thorn on every rose—
But ain't the roses sweet!"

Concords

Dr. H. Schorten during the past year has been our acting housefather and through his friendly and fatherly affection he has won the love and respect of the entire student body. He has shown himself to be a strict yet considerate official and though at times his measures seemed harsh we have fulfilled his wishes to the best of our ability because we knew he had our interests at heart. "Daddy" Schorten truly has been a father to us and we trust we may look to him again in the coming year for guidance and advice.

The students are grateful to the professors for the many favors extended during the past year but we feel special mention should be made of their willingness to loan their cars to the students not only for work in the campaign but also for social functions. Although the professor was not always at liberty to drive himself nevertheless he was willing to entrust his car to a student chauffeur. At other times also a Waterloo College professor did not believe in driving about an empty car but he was good enough to share his pleasure with his students. We believe it can safely be said there are no other colleges that can boast of such professors and they can be assured the students realize this fact and appreciate their kindheartedness.

The City of Kitchener on Victoria Day unveiled its beautiful cenotaph to the heroes of the Great War. Lieut. Earle Shelley of the Scots Fusiliers of Canada represented the institution and placed a wreath in behalf of Waterloo College.

The Senior Class is manifesting its interest in its Alma Mater by using the proceeds of the class play given last fall in the publishing of a booklet which will be sent to the prospective college and university students throughout the province. The Senior Class recognizes the future in store for Waterloo College and is using an excellent medium to bring the institution before high school pupils who may thus be given an opportunity to attend college.

The Germania Verein

GERMANIA VEREIN HAD INTERESTING PROGRAMME THROUGHOUT THE YEAR

Election Of Officers Postponed Till Fall Term

In spite of the fact that the Germania Verein was somewhat small in number, it was, nevertheless, successful in so far as accomplishment is concerned.

The programmes rendered were usually of a type which dispelled monotony. Among the most outstanding features of the programmes may be mentioned a Pennsylvania German debate—"geresolved, doss es besser waer, wenn Mir co-education do in dera Schul haetta." This debate was interestingly humorous from beginning to end.

At another meeting Dr. H. Schorten, the honorary president of the society, gave a very interesting talk on the Seminary in Kropp, Germany. He briefly outlined its founding and history, laying special stress on the work and character of the Rev. Mr. Paulson, who made the establishment of the institution possible.

Rev. Prof. Aksim gave an interesting address on revolutionary days in Southern Russia. In it, he depicted scenes and occurrences in the Caucasus Mountains. Rev. Prof. Aksim had been a pastor of a congregation in a village in the southern part of Russia. Hence he could speak of personal experiences, making his address very vivid and realistic.

Another interesting talk was given by Mr. Voellm. In a very humorous and interesting manner, he showed the society what life was like at the Mission-Seminary at Basel, which he had attended previ-

ous to coming to America.

The students all took an active part in the programmes. The speeches and recitations rendered by them showed that they have, to a great extent, mastered the German language, which is, by no means, easy.

The society did not give a public programme this year as it did last year. Also, on account of the Campaign which was launched, taking away a great deal of the students' time, the banquet was omitted from the year's activities. Nevertheless, the programmes presented at the College were of such a type, and the spirit of co-operation shown by the members of the society was so good that the year 1928-1929 was undoubtedly as successful, if not more successful, than the previous year.

At the final meeting, the officers for the first semester of the academic year 1929-1930 were not elected. This digression from the precedent was deemed advisable in order to allow for the representation of "co-eds" in the first semester's executive of the society.

The Athenaeum Literary Society

THE ATHENAEUM IN RETROSPECT

Literary Society Had Successful
Year In Spite Of Many Conflicts.

The Athenaeum has had a very good year again this term, although at times the other activities conflicted with the society's meetings, yet quite a number of meetings were held at which worth-while programmes were presented. Capt. Lelieux gave an interesting talk on "Palestine", from the view point of a soldier. Mr. Donohue of the Daily Record addressed the society on "Journalism." A debate was held on the subject of co-education, in which, perhaps needless to say, the affirmative won out. The remaining meetings were mostly of a business character. The Easter holidays and the approach of the College campaign cut the activities of the Society very short, and it was found impossible to hold any meetings after the Easter vacation. With an increased attendance next year the Athenaeum should make good progress. The students still have to learn, however, to put their school activities first, and outside interests second. Until this is done by all, instead of a few, the Athenaeum as well as any organization in the institution cannot do its full amount of beneficial work. The executive of the Athenaeum deserves much credit for the splendid work they have done during the past term, in spite of the many apparently insurmountable difficulties they encountered.

When you get in a tight place and everything goes against you till it seems you could not hold on a minute longer, never give up then, for that is just the place and time that the tide will turn—H. B. Stowe.

"Our happiness and success in life depend, not on the place in which we live, but upon ourselves."

PRIZE-DAY EXERCISES HELD

Open Air Meeting Necessary; Light
Furnished By Automobile Head-
lights; Students Received
Prizes And Scholarships

Due to the absence of light, class and prize day was held on the college campus. The light necessary was furnished by the headlights of a number of automobiles. Letters, prizes, medals and scholarships were awarded to those students whom the Faculty considered most worthy. The meeting was opened by Dean Froats. Following the Invocation by Prof. Henkel the announcement of the Rotary medals for public speaking was made. Albert Herbert was the winner of the Gold Medal, Harold Crouse, the winner of the Silver Medal.

This was followed by the presentation of prizes. F. Goos distinguished himself as a Greek student by winning the Hayunga Greek Prize. Theodore Wagner showed the audience that he is an excellent German student when he was called on to receive the Louis Peine German Prize. Julius Neff, not Julius Caesar, received the Martin Latin Prize for proficiency in Latin in his Sophomore year. For proficiency in German 10, A. Pauli was awarded the J. G. Motherall German Prize. For proficiency in German 30, Lloyd Schaus was presented with the Harmes German Prize. H. L. Hagey distinguished himself as a poet when he received the Shelley poetry prize

CLASS HISTORY—ARTS '29

The class of '29 was the first to enter Waterloo College after the affiliation. From fifteen students in the Freshman year we have dwindled to seven in the Senior.

For four years we have been intimately bound to Waterloo and its traditions. The period has been short, much too short. But brief as it may have been we have experienced great changes. Rooms which were to us only four white walls in '25 are now silent guardians of secret memories that only a boarding school student can appreciate. Faces which were only a study in physiognomy in '25 now radiate with the heart beat of friendship.

To write a barren account of dates and events would forfeit the meaning of this history; of course there have been triumphs and disasters, joys and sorrows. To enumerate achievements is also futile and unfair, yet, lest we be thought neglectful of our duties we may point to a few.

Four of our members hold oratorical medals. The "W" which is symbolic of athletic achievement has been bestowed on five of our members. As a class '29 successfully presented their year play "Kempy."

But such enumeration is unfair. It has not been our efforts alone but those of the faculty and the whole student body which have made our undertakings a success.

Above and beyond all these material things there has been something bigger. In each of us there has been built up a spirit of devotion and sacrifice. We have come to realize that the school and we

are one. Here we have dreamed and planned and studied. You, Waterloo, are our Alma Mater. To you we give our joy and appreciation. Our sincere hope is that you may continue to grow in favour with God and man.

We have not come to the parting of the way. It is only to the top of the hill. Below us lies the world. Four years you have sheltered and nurtured us and now we must go forth. Let us like Browning,

"Strive and thrive!" cry "Speed
Fight on, forever,
There as here."

WATERLOO SUMMER SCHOOL PROGRAMME NOW COMPLETE

Sessions To Be Held on July 1, 2 and 3 at Waterloo College and Seminary; Many Prominent Lecturers on List.

Waterloo College and Seminary will again be the scene of a merry gathering when the Summer School holds its session there on July 1, 2 and 3. After an intermission of two years many are anxiously looking forward to this event.

The committee in charge of the Summer School has spared no efforts in securing a faculty of popular lecturers. The various problems of church work will be discussed by men who are specialists in the various departments.

Bible work will be in charge of Rev. L. H. Larimer, D.D., of Springfield, Ohio. Rev. Paul Kirsch of Buffalo, N.Y., popular with the

younger generation, will lecture on young people's work. The lectures on mission work should be intensely interesting as they will be delivered by Mrs. A. Neudoerffer, a former missionary in India. Those interested in Sunday School work will find the talks on this subject by Rev. E. F. Sturtz of Brantford very instructive. The programme will also include several special lectures which will be well worth hearing. Rev. J. Schmieder of Kitchener will give a talk on music, and Mr. Karl Homuth, M.P.P., of Preston, will speak on citizenship. Of course, no one will want to miss the popular lectures by Rev. William Sunday, Ph.D., of New York City.

Musical numbers, contributed by outstanding artists, will intersperse the programme. The new athletic field at the College and Seminary should be a decided incentive to sports, which will be in charge of Rev. F. L. Howald of Elmwood.

A time-table appears elsewhere in this issue.

HONORARY PRESIDENT HOST TO GRADUATING CLASS

Annual Reunion To Be Held; George Roberts Appointed Permanent Secretary of the Class.

Dr. H. Schorten, honorary president of the 1929 graduating class of Waterloo College, was host to the seven members of the class at his home on Saturday evening, May 25th.

As a token of their appreciation of his services and in memory of their associations with him the Class presented Dr. Schorten with a cane. In return Rev. Mr. Schorten gave

PROF. H. HENKEL TO SPEND SUMMER ABROAD

Plans Attending Goettingen and Heidelberg Universities

On Friday evening, May 31, Rev. Prof. H. Henkel sailed from Montreal for Copenhagen, where his programme of tours and studies will begin.

At Copenhagen Prof. Henkel will attend the Lutheran World Convention and later a summer course in connection with the convention.

Prof. Henkel will also visit Germany, especially the universities at Goettingen and Heidelberg in order to further augment his philosophical knowledge. At Heidelberg he will try to establish a connection with Waterloo College.

It has recently been announced that Rev. Prof. Henkel has been made a full-time professor in the College, where he will be head of the department of philosophy.

"When you see others doing kind acts, accept this as a call to go and do likewise."

each member of the class a photo of himself.

In a short address the honorary president admonished the members of the class to remain faithful to their Alma Mater. Each member of the class expressed his feeling in appropriate words.

The class decided to hold a reunion each year during convocation week. George Roberts was appointed permanent secretary of the class.

The evening's programme was greatly enhanced by vocal selections contributed by Mrs. J. Gordon Motherall and Miss E. Schorten.

THEODORE WAGNER

"It irked him to be here, he could not rest."

Ted hails from Zurich and came to Waterloo in 1921 to take his matriculation in the College School. After matriculating he entered the Arts. Ted holds the gold medal for oratory, won in the Freshman year, a very creditable performance. As Director of "Kempy" he performed excellently and on a moment's notice he ably substituted for the main character who was taken suddenly ill. In academic work also, he proved that he has ability. Quiet and congenial, Ted has won a host of friends and will make an enviable mark for himself in the teaching profession.

HARRY ROBERT BURNS
WEIR

"Procrastination is the thief of time."

Bursting into Waterloo College after two years at Lake Lodge School, Grimsby, and two years at Kitchener Collegiate in the fall of '25, Harry has ever since been a center of wit and devilment. Willing to do everything and capable of most things yet he accomplishes little because of his cheerful habit of waiting for to-morrow.

As the hero in "Kempy," he made a lasting impression on his audience, who never dreamed that Harry was such a "fast worker." Captain of the rugby team, President of the Athletic Directorate and Advertising Manager of the College Cord, have been some of Harry's successful side issues.

JOHN C. HERBERT

"Unlike are we unlike, O maiden fair."

John was also born on the 26th of March 1908. After completing his secondary education at Mitchell High School, he entered Waterloo in the fall of '25. Throughout his career at Waterloo John has been an able and willing worker and a loyal friend and colleague. He worked his way from reporter to Circulation Manager of the Cord.

In his Senior year John gave unselfishly of his time and energy as Business Manager of "Kempy."

Serious in work, and serious in play, he has a temperament and initiative which will win friendship and respect in whatever line of endeavor he may choose.

MITCHELL

"And in his war-Song he was well."

"Ab" Mitchell on March 1908. His desire for learning led him to the Mitchell School he, along with others, jumped into the Waterloo College in '25. Here in his first year in some students that he and not his three remaining years alternating his business "Ab" has three years and one year's experience in running the silver medal won in his first year the gold medal in his senior year.

Honorary President's Valedictory

"Gaudeamus igitur, juvenes dum sumus."

My dear young friends of the class of '29:

Now, at the end of four years of happy student-life, crowned with success, the time has come when we must part. In my heart I feel both sad and happy—sad, because I see you leaving, happy because you have been successful. My prayers and good wishes for further success in your future life go with you.

When I was a student I used to sing this song, "Gaudeamus igitur," with a joyful heart in the company of my fellow-students. "O alte Bürschenherrlichkeit, wohin bist du entschwunden?"—36 years have

passed since then. When I was called to Waterloo College in 1923, after having served congregations for almost a quarter of a century, surrounded by students I soon discovered that, in spite of my grey hair, I still liked to sing the song of younger days. Since then we have often joined in singing this song and spent many a happy hour at Waterloo College.

God bless you! God be with you and grant you at all times in your walks of life that happiness that desires to sing gaudeamus, and that spirit that keeps you young, even when white hair crowns your heads. This is my sincere wish.

Herman Schorten,
Honorary President, Arts '29

WATERLOO COLLEGE

ALBRECHT H.

"And God was war-
fare
Saying the will."

"Ab" was H. H. Mitchell on March. He de-
sire for learning not head the
Mitchell but he,
along withered in-
to the Waterloo College '25.
Here he spent year
in various students
that he was not
his brother was re-
maining. H. H. has
three years and one
year, experience
in rugby, the sil-
ver medal won in
his junior year.
gold medal winner year.

VICTOR JACOB MONK

"My heart's in the Highlands,
my heart is not here;
My heart is in the Highlands
chasing a dear."

After two years at Chesley
High School "Vic" decided
that Elmwood should be rep-
resented at Waterloo College.
He entered the College School
in the fall of '23 and since
then has been a regular at-
tendant at the breakfast
table.

There is a wealth of devil-
ment and originality hidden
behind his stoic brow. One
trait about him that we can-
not forget—never once has
he been known to lose his
temper.

In the realm of athletics he
has been active in soccer,
rugby, and his favourite pas-
time, tennis.

Now after the four-year
grind in the Arts depart-
ment, "Vic" is headed to-
wards the degree of B. D. in
the Seminary.

GEORGE WASHINGTON
ROBERTS

"Work, work, work,
My labour never flags."

George, although he had
no little hatchet when he
came to Waterloo from the
Kitchener Collegiate, has as-
suredly lived up to his middle
name. A true supporter of
his Alma Mater George
has successfully completed
every task that he attempt-
ed.

As editor of the College
Cord and in his activities in
the Athenaeum George
proved a capable organizer
and leader. As an athlete he
was a member of the rugby
squad for three years and in
his junior year manager of
the basketball team.

In spite of all his extra-
curricular activities, George
kept himself well forward in
his academic work.

HENRY LOUIS HAGEY

"One man with a dream, at
pleasure,
Shall go forth and conquer
a crown."

"Lou" was born in the In-
dian village of Brantford on
July 19th, 1907, graduating
from the Brantford Colle-
giate he came to Waterloo in
the fall of '25 with a natural
aversion to study, but re-
ceiving scholarships has be-
come a habit with him never-
theless.

During his four years at
Waterloo College his inter-
ests have been many and
varied. In the field of ath-
letics he was captain of the
basketball team in his junior
year, manager of the rugby
team and assistant in P. T.
in his senior year. As a
member of the College Cord
staff he served as Business
Manager. In the year play
"Kempy" he showed his
dramatic ability, and as an
orator won the K-W Rotary
gold medal.

WATERLOO COLLEGE

A Message From Dean Froats

To the Graduating Class:—

Four years of College life will
soon be sped; the strength of body,
mind and soul, with all the expect-
ant years of preparation, will soon
be put to proof, on the larger campus
of the world. Its demands are mani-
fold, intense, unlimited, stubbornly
persistent; its penalties for failure
are keen and unrelenting; its re-
wards are honour, riches, success,
but most of all and best of all worth,
patience, skill, endeavor that never
flags or fails, that hopes, has faith,
sails onward or beats up against the
blast, past headland and past head-
land to its final harbour-mouth.

The qualities and habits that steel
the soul to worth amid storm or
calm are of the home, the commun-
ity, the public school, the high
school, the College, the campus, the
study-room, the class-room and the
social circle. As each of us is the
product in excellence of any or all
of these, so we are equipped as par-
tial or full matriculants into the
University of the world. The play,
the drill, the discipline you have
had, yonder is the road; the plain
is there; the battle is on for you.

May you, each and everyone, win
and win alone by worth of head and
heart and soul!

Willis C. Froats,
Dean, Waterloo College.

The Prize Poem

The poem, for which H. Louis Hagey was awarded the Shelley Poetry Prize, appears below:

My Dream Ship

A ship, a sail, a lustrous breeze
The waters blue, afore and aft
With here and there a wild whitecap
While on, and on, my dream ship
flees.

To thee I gave my soul in youth
To lead it through this sea, call'd
life;

You touch, as time the reaper flies,
At all the ports of fate and truth.

At times the clouds o'er head are
dark.

At times the rolling breakers roar.
The elements grow fierce and cruel
But then a force protects my barque.

For seasons then the sky is clear,
Scarcely a ripple disturbs my craft
And every sail flaps idly loose.
It seems there are no storms to
fear.

And thus my dream ship onward
glides

Through calm and storm and cloudy
skies.

It does not know the haven sought,
Yet sails to where the treasure
hides.

And so is life a search, a dream,
A purpose? Yes, but vaguely dim
With many a squall and lusty gale,
Before we reach the luring gleam.

JUNIOR CLASS HOLDS FAREWELL DINNER

The Junior class wound-up the year with a banquet at Conestoga on Wednesday evening of last week and then bid each other farewell until September.

The gathering being entirely of a social nature was in complete harmony with the spirit of members of the class, who had just completed a strenuous fortnight of examinations. Not satisfied in rejoicing by themselves the unselfish juniors asked some of their friends to join in the celebration. Prof. R. J. E. Hirtle kindly acted as chaperon of the party.

Amid jests and chattering the delicious dinner was consumed. Only the enchanting notes of sweet music could lure the diners from the banquet board and soon it was deserted.

Too quickly the hours slipped by and soon the revellers were bidding each other "au revoir" until the Class of '30 meets again in September as the Seniors of Waterloo College.

Modernism: One Youth learning to make an article; nine learning to sell it.

SPORTS

A SCENE IN THE COLLEGE GYMNASIUM

SPORT PROSPECTS FOR 1929-30 TERM LOOK PROMISING

Rugby Team Expects To Have Exceptional Season

Although the school term is now over, it is necessary to plan for next year's activities, especially in the field of athletics. What are the prospects for athletics at Waterloo College for next year in rugby, basketball, hockey, and the various other sports?

It is somewhat early to make many predictions. However, prospects which can be seen in the distance seem very promising. There, no doubt, will be a large enrolment at the College next year, and the name of Hagey, Roberts, Weir, Herbert, and those of the many College School students, who will be leaving, will be replaced by other names on the College line-ups.

As yet no physical instructor has been appointed. On his shoulders rests the organizing and planning of the ensuing year's activities. It has been rumoured that Tommy Henderson, our last year's rugby coach, has been secured by "Western," who will be entered in the senior Interscholastic Union next year. However, to counterbalance this loss several able men have been mentioned as his successor. Mr. Sandrock of Kitchener, formerly a

rugby coach across the border, has offered his services. It is also hoped that a grouping, consisting of St. Jerome's, Western Juniors, O. A. C. Juniors, and Waterloo College, will this year materialize. Last year, games were played with each of these teams and a favourable impression was made by the College squad.

The basketball team has also bright prospects for next year. Most of last year's players will be back at school, and under able management should make a favourable showing. The intermediate O.A.B.A. grouping will probably be formed and the College should not hesitate to enter a team.

The hockey team, which last year stood first in the Lutheran Hockey League, should also have another successful year. It is hoped that the Lutheran League will continue and even be extended to include some of the surrounding towns.

In spite of many handicaps athletes at Waterloo College should not lose one foot of the ground gained during the last few years. There is no question that sports play an important part in a College education, and under able management this phase will not be lacking at Waterloo College.

"Cheerfulness at home helps you to be good-humored abroad."

Necessity doth front the universe. With an invincible gesture.—Eschylus.

WATERLOO COLLEGE ALUMNI GATHER AT ANNUAL MEETING

H. Kalbfleisch Elected President;
Dean W. C. Froats Becomes
Associate Member

The grown-up children of Waterloo College came together for their annual reunion at the Alumni Association dinner held at Wagner's Inn, Bridgeport, on May 27. The graduating class of 1929 was received into the association while Dean Willis C. Froats was made an associate member. A spirit of enthusiasm pervaded the meeting.

A report on the election of officers announced that Herbert Kalbfleisch '28 was elected president. At this meeting it was decided that the Alumni representative in the Senate of the University of Western Ontario be required to submit a report at the annual meeting of the association concerning the activities of the Senate. It was also decided that in future the representative will be appointed a year before he assumes office.

The value of an alumni association was expressed in short addresses given by Messrs. G. Hagey, H. Weir, A. Zilliax and A. Herbert, who claimed that as the membership of the alumni increases so does the popularity of the college.

A toast to the King was proposed by Prof. R. J. E. Hirtle and was responded to by the singing of the

National Anthem. Dr. C. H. Little proposed the toast to the Alma Mater and the entire gathering responded by singing "O Waterloo, My Waterloo!" The toast to the class of '29 was proposed by Dr. H. Schorten, while George Roberts, president of the class, replied.

The new executive consists of: H. Kalbfleisch, president; G. Schultz, vice-president; G. Hagey, secretary-treasurer; E. C. Shelley, corresponding secretary; George Roberts was appointed reported to the College Cord for the Alumni Association.

PRIZE-DAY EXERCISES HELD

(Continued from Page 4)

for writing some worthy poem during the scholastic year, and who in the opinion of judges from members of the Faculty was most worthy. Mr. Hagey also showed himself a meritorious student of English, being awarded the Maeder Memorial Prize for proficiency in English.

The presentation of field-day medals and cups was the next item on the programme. These were presented by H. L. Hagey, who has been the physical director during the past year. Besides the medals, cups were awarded to those who won the highest number of points in their class at the annual field and track meet held last fall. The cup for the senior winner went to A. Imrie, that for the junior winner was awarded to H. Loth.

Prof. Shelley then awarded crests to A. Herbert, J. Herbert, H. Weir, G. Roberts, G. Orth and F. Goos. These crests were given to the above students by virtue of their having been on one or more athletic teams for three consecutive years.

After this, Dean Froats announced the scholarships. The Augustine Scholarship, donated by A. W. Augustine, Esq., Kitchener, was awarded to Alvin Pauli. This prize is to be added to tuition in the Sophomore year. The Potter Scholarship Prize, donated by Alex. O. Potter, Ph.D., to be awarded to that student of the Junior Class who, in the opinion of the Faculty, is most worthy, was awarded to Walter Koerber. The Martin Scholarship Prize, donated by J. B. Martin, Esq., Waterloo, was awarded to Herman Little. Mr. Little received this prize by virtue of the results of his Middle School examinations written in 1928 at the Kitchener-Waterloo Collegiate when he graduated from Waterloo College School.

After the presentation of these awards, George Roberts delivered the valedictory address. He showed how some students stroll around the campus without looking into the future, and how others look into the distant future. The latter are the successful ones. He then told the audience what this year's graduates had in view for the future. In conclusion, he thanked the professors for the knowledge imparted to the seniors. As a "farewell," he said, he will not say "good-bye," but "Auf Wiedersehen."

This was followed by the salutatory address by H. Weir. During his address he called upon the representative of the Junior Class. When he had placed his gown on him, he admonished him as a representative of next year's Senior Class to set a good example to the under-graduates, not only in the academic field, but in other fields as well.

Following this, Albert Herbert presented the cup won by the Waterloo College hockey team to the man-

College School News

H. Scherbarth, Reporter.

"COLLEGIANS"

What has become of the College School? Has it passed out of existence? No! The College School students are merely quiet to give their elders, the college students, a chance to show themselves. As one of the college students stated in his poem, "A College School Guy," they are merely students of a lower rank and have to be looked down upon. College school students are good enough where work is to be done. To his estimation they account for nothing. At the same time he classes himself in the same group, for he has yet to become a full-fledged Arts student.

SPORTS

The Collegians may be dead, but they take an active part in sports. The College boasts a champion hockey team, but nowhere has mention been made that the majority of the players came from the College School. The team consisted of two professors, one seminarian, one college student, and five college school students, but still the honour of the cup goes to the college department.

The College School also had a hockey team, but was not fortunate enough to be able to enter a league. They played and won their only game in Tavistock.

The College rugby and basket-ball teams were also well represented by the Collegians.

Two of the students, Al Imrie and Harry Loth, showed their ability as athletes, when they won the Senior and Junior Cups in the College Field Meet.

The places the Collegians take in sports show that they do not have to take a rear-seat to any of the College Students.

PERSONALS

R. W. Keffer, a former College School student, was a visitor at the College over the week-end of May 18th.

William Hill's new saxophone will soon arrive.

O. H. Alberti is again heard trying to play a guitar, as he bought one from H. Berner.

ager of the team, Mr. Eifert. This team won the championship of the Lutheran Hockey League of the Twin City last winter.

In conclusion, Dean Froats made a short address. He asserted that by the results of the recent Endowment Campaign, Waterloo College is apparently here to stay. He congratulated the Board of Governors on the wise move they made of introducing co-education next year. Co-education, he said, is almost a matter of necessity. He then, thanked all those who had shown their interest in Waterloo College during the campaign.

SOPHOMORES REVEL AT CLASS BANQUET

Enjoyable Evening Spent At Conestogo

The "wee but potent" sophomore class, true to their former pledge, did "step out." And how! Well, just ask any of them, or anyone else partially connected, who attended the mixed banquet which they held at Conestogo on May 1st.

From the very first of the sociable evening everything went fine. Due to the kindness of two professors, who so sacrificially gave the use of their automobiles, the means of transportation were very convenient and much appreciated.

At 7.45 the finely decorated and heavy-laden table began to lighten as some of the boys were preparing for the occasion.

After satisfying the inner desires, the inner spirit was shown by a number of toasts. The first was a toast to "our King and Country" by Julius Neff. Following this was a toast to the honorary president, Dean Froats, by Hubert Casselman. After a very appropriate reply by the Dean, Ernst Schroeder gave a toast to the ladies. Next in order was a toast to the class and alma mater by Fred Goos.

The remainder of the evening was spent in the environment of musical airs. In accordance with the former prestige of all class functions, the party was adjourned at an early hour.

CANADIAN GOODRICH VISITED BY STUDENTS

Group Of Waterloo Students Make Interesting Tour Of Large Rubber Plant.

Bright and early on the morning of the 27th about a dozen students from Waterloo College accepted the invitation of Mr. Needles to make a tour of the Canadian Goodrich plant in Kitchener.

In a few minutes the guide, an old friend, "Jerry" Hagey, came and offered to take us through the plant. The guide probably thought the party a late shipment of rubber, at least he took the party into the receiving room. Here the students saw all kinds of rubber stored in the bins. The process of making a tire was very interesting to the students, as they asked many questions on the way through the different departments. About the only disagreeable thing during the tour was the heat, especially in the vulcanizing and curing room. The inspection room presented a wonderful sight, mountains of the famous "Silvertowns." Here the tires were finally inspected and wrapped, ready for use.

The guide then directed the sight-seers into the boot department,

SEMINARY ALUMNI NEWS

ANNUAL MEETING

The annual meeting of the Seminary Alumni was held on May 30 at 5 p.m. in Zurich, Ont., where the Evangelical Lutheran Synod of Canada was at that time convening. There was a fine attendance and a true brotherly spirit shown at the meeting, twenty-three being present, including one from "across the line," Bro. W. G. Schmidt. Four new members were received, namely, H. Baetz, B. A., N. Keffer, B. A., A. Datars, B. A., G. Schultz, B. A. Of these, three will remain within the bounds of our Synod, and one, Bro. Keffer, after ordination by the Canada Synod, will join the Michigan Synod, serving in the mission field at Windsor, Ont.

The following officers were unanimously elected, — Pres.—Rev. Prof. S. W. Hirtle, Waterloo; Vice-pres.—Rev. S. Cooper, Sault Ste Marie; Sec.—Rev. E. J. Fischer, Hespeler; Treas.—Rev. L. H. Kalbfleisch, Elmira; and Historian—Rev. S. W. Gartung, Welland.

The treasurer of the Endowment Fund urges that all back dues be sent to the treasurer, Bro. Kalbfleisch, at once, in order that the fund may be able to function effectively.

One noteworthy motion was adopted—that the Alumni meet at least once or twice a year at their Alma Mater, besides the meeting at Synod.

At the close of the meeting a sumptuous banquet was enjoyed by all.

Congratulations!

To Bro. and Mrs. L. Bald of Des Plaines, Ill., on the birth of a baby son.

We extend our sincerest sympathy to Bro. and Mrs. A. G. Jacobi on the death of Mrs. Jacobi's mother, Mrs. Philip Rehfus, Bridgewater, N. S.

Bon Voyage!

Dr. N. Willison of Hamilton sails for Copenhagen, Denmark, on June 7, where he will attend the Lutheran World Conference, to which he has been delegated.

The next meeting of the Alumni will be held during the summer school session, July 1-3. All are urged to be present.

where the widely known "zippers" are made. The former students in the group showed especial interest in the "hi-press" department where the heavy duty boots and rubbers are made. After a hasty inspection of the shipping and storage rooms the party was slowly let to the ground in an elevator. Each student then heartily thanked the guide who had so willingly given of his valuable time.

PERSONALS

The population of New York City must have decreased considerably during the past week. On Monday evening of last week a whole carload of New Yorkers arrived in Kitchener. Bright and early Tuesday morning Fred Ahrens, Bill Schweitzer and Tiny Cunningham were seen in town and they blamed the whole affair on Heine Heldman and his limousine in which they had "breezed over" from New York.

On Wednesday evening, May 29, Dean Froats was host to the graduating class and members of the faculty at a dinner given at Wagner's Inn, Bridgeport.

In order to make Convocation Week complete the graduating class on Tuesday of that week spent the day on a fishing trip. The fish apparently were sold "pond-wet."

The Reverends William Schultz of Rankin, Ont., George Innes of Montreal and C. R. Cronmiller of Williamsburg were recent visitors at their Alma Mater.

Mr. Herbert Kalbfleisch of New York University was recently seen in the corridors of his Alma Mater.

CANADA SYNOD ADOPTS

Continued from Page 1
interesting debate which occupied the entire morning followed. The discussion was finally concluded by Dr. N. Willison, president of the Board, who made a very convincing appeal. A resolution providing that, out of the fund to be raised in 1930 and 1931 for educational purposes, \$30,000 be set aside for the endowment was adopted by a vote of 54 to 8.

As a result of the election of committees the personnel of the Board of Governors has undergone several changes. This year the term of office of four members expired. Of these Rev. John Alberti of Bornholm and A. L. Bitzer of Kitchener were re-elected. Two new members, Rev. C. S. Roberts of Waterloo and W. Pepler of Tavistock, were elected to fill the other offices. It was also announced that during the past year Rev. H. Twietmeyer of Hanover had retired due to ill health. The vacancy was filled by Rev. R. B. Geelhaar of Listowel. Other members of the Board are: Rev. J. Reble, Hamilton, Rev. T. A. Iseler, Port Colborne, Dr. N. Willison, Hamilton, W. D. Brill, Waterloo, and G. Hollinger, St. Jacobs.

Substandards ing Room

Discords

Wally wants to know whether a man selling tea-kettles could be called a kettle-drummer.

Flub: "What do you think of Czecho-Slovakia?"

Dub: "Well, it's hard to say."—Life.

This Should Be Good

Ad. in Daily Record: "The Good-bye Kiss" In Sound. It can likely be heard at almost any house, in almost any street, in either Kitchener or Waterloo.

Crouse in one of his usual idle moments is whistling a monotonous tune.

"Cass"—"Hey! what'll you take for that whistle, Charlie?"

Crouse—"My mother wouldn't take two hundred dollars for it."

"Cass"—"Gee, what an honest mother!"

Scientific Note—Chemistry Professor: "What can you tell me about nitrates?"

Student: "Well—er—they're a lot cheaper than day rates."

PROF. E. NEUDOERFFER
TO TAKE CHARGE OF
CAMPAIGN WIND-UP

There still remains much work to be done in connection with the Endowment Campaign for Waterloo College. The Board of Governors of the institution therefore have appointed Rev. E. Neudoerffer to conclude this work.

Several of the larger subscriptions still remain outstanding. Rev. E. Neudoerffer's work will be chiefly in connection with these sure prospects.

The Campaign headquarters have been transferred from the old Record building on King Street in Kitchener to Waterloo College. For the convenience of Kitchener Campaign Workers a sub-office will be established in connection with the Lutheran Book Room on King Street.

DR. J. MAURER ADMONISHES

Continued from Page 1
the need of such men to-day, whose life might be a light. This, he said, was of special concern to the graduates and added: "To-day you are making history; although we may not be able to see around the corner, there are ample opportunities for consecrated men."

The service at the altar was in charge of Rev. J. Schmieder, assisted by Rev. N. Willison, B.A., Litt.D. The graduates and professors formed the procession which entered the church while the hymn, "Come Thou Almighty King," was sung. The beautiful anthems rendered by St. Matthew's choir greatly added to the impressiveness of the service.
